The Parks and Recreation Advisory Board (Board) meeting was called to order by Chair Daniel Mulieri at 7:33 a.m. Roll was called.

Approval of Minutes: Chair Daniel Mulieri MOTIONED for approval of the May 2025 minutes; Vice-Chair Terry Danger seconded. MOTION carried.

Public Comments:
Two members of the public, Monica Smith and Nicole Cannon provided public comments addressing barriers to participation in community sports programs. They expressed concern about the current park fee structure, noting that it poses a financial burden on low-income families and may limit equitable access to recreational opportunities. To emphasize the widespread support for their concerns, they submitted a petition with 800 signatures, demonstrating strong community interest in increased transparency, consistency, and fairness in how park and program fees are determined. They also stressed the importance of sustaining a diverse range of youth sports programs, including smaller or less common ones such as inline speed skating. In response, Trevor Fell offered a high level overview related to how the annual fees are established and affirmed the team's willingness to collaborate with the community on solutions. He explained that the fee schedule is developed by staff based on cost recovery goals and program needs and is then reviewed and approved by the Broward County Commission.

Parks Safety, Security, and Emergency Management Update: Lori Vun Kannon, Operations Manager

Ms. Vun Kannon delivered a comprehensive and informative presentation on extreme heat management, emphasizing the essential role that the parks system plays in promoting public safety during periods of high temperatures. She introduced newly updated heat advisory thresholds tailored specifically for the South Florida region, offering clear, actionable guidelines to help staff and the public respond more effectively to extreme heat events. Ms. Vun Kannon also highlighted practical, preventative strategies to reduce the risk of heat-related illnesses—such as staying properly hydrated, wearing lightweight and breathable clothing, and recognizing the early symptoms of heat stress. Her

presentation underscored the division's continued dedication to community health and safety, particularly as extreme heat becomes a more frequent and serious concern.

Parks Planning and Design Update: Nadine Levy, Capital Program Administrator

Ms. Levy provided an update on the 2022 Parks Master Plan, focusing on progress at four main parks: Central Broward Park and Broward County Stadium, Tradewinds Park, Markham Park and Target Range, and C.B. Smith Park. One completed project is the new aquatics staff break room at C.B. Smith Park. At Hollywood North Beach Mooring Fields, the certificate of occupancy was received for the building. Although the site plan is still in progress, this marks a big milestone.

At Central Broward Park, the icehouse project is moving forward and will serve as a hub for emergency ice distribution across the County. At Markham Park, 115 grass RV parking spaces are being upgraded to concrete pads, with Phase 1 expected to finish early next year. Lafayette Hart Park is finalizing permits, and construction will begin soon. A new public art installation by Germane Barnes is also planned for the site.

Also highlighted were several environmental initiatives: Broward County received an $18 million grant from the Florida Department of Environmental Protection to reinforce seawalls at Hollywood North Beach Park, and improvements to the North Beach parking lot are currently in the early design stages. At Long Key Nature Center, two projects are underway: restoring wetlands and converting a nearby house into an event center.

Additional updates included plans to build permanent restrooms at Central Broward Park & Broward County Stadium, which were not built when the stadium opened in 2025. At Anne Kolb Nature Center, the aquarium is being replaced, and at Secret Woods Natural Area, restoration continues after flood damage.

Parks Manager Update: Plantation Heritage Park

Due to a last-minute change in meeting location, the August Parks Advisory Board meeting was held at Plantation Heritage Park, the same venue as the May meeting. Since a park update was previously provided at the May meeting, no additional presentation was given at this meeting.

Plantation Heritage Park remains a popular destination for walking, biking, picnicking, and community events. The park features a scenic lake, picnic shelters, a fitness trail, and a disc golf course. With its natural beauty, open spaces, and central location, it continues to serve as a valued resource for both residents and visitors.

Parks and Recreation Update: Dan West, Director

Mr. West provided a detailed report relating to the division's financial challenges, noting a $1.5 million cut to the General Fund Operating Budget. This reduction will result in the loss of 13 full-time positions and is part of a countywide 5% budget reduction. He highlighted the critical impact on the Capital Maintenance Budget, which has been reduced by $3 million, and highlighted the $300 million in deferred maintenance that remains unaddressed across the Broward County Parks system. Mr. West also underscored the essential role parks play in not only recreation but in emergency management and broader community support.

Board members had a thorough discussion about the long-term implications of the budget cuts. They focused on strategies to maintain high-quality services and improve how the division communicates its

value to the public and decision-makers. All members agreed on the need to craft a clear, unified message to share with county commissioners, emphasizing the many ways the parks system supports the community.

The discussion showed the division's resilience and ongoing commitment to public service, even facing tough financial constraints.

October Safety Minute

Parks Advisory Board Meeting - October 9, 2025

OCTOBER SAFETY MINUTE

Fall is here and although we don't have the dramatic color changes to our fall foliage like elsewhere in the country, we try to capture the spirit here locally through events that celebrate the essence of fall. Check out the latest happenings at:

https://www.broward.org/Parks/Pages/FallIntoFun.aspx

Enjoy the festivities and be mindful to stay safe and look out for each other!

OCTOBER SAFETY MINUTE

October is best known for Halloween, but it also features many national observances that highlight the importance of keeping safety a top priority.

Also in October:

- 🔥 Fire Prevention Month
- 🚶 National Pedestrian Safety Month
- 🛡️ Crime Prevention Month

🔥 Fire Prevention Month

Fire Prevention Month, one of the longest-standing national observances, was created to honor the victims of the Great Chicago Fire of 1871 and to help prevent such devastation from recurring. While building codes and safety standards have advanced greatly since then, the risk of fire remains. Take this time to review and strengthen your own fire safety plans.

Fire prevention starts at home, and a few simple steps can make all the difference. The following reminders are a few practical ways to reduce risks, stay prepared, and keep emergencies from becoming tragedies.

🔥 Fire Prevention Month

- **Create** a fire escape plan that includes every family member, including pets. Outline what to do, where to go, and practice it regularly so even the youngest in the household remember it.
- **Know** how to call for help (9-1-1) and establish household emergency meeting spots.
- **Install** smoke detectors and carbon monoxide alarms throughout your home; test monthly and replace batteries yearly.
- **Place** fire extinguishers on every level of your home, especially in the kitchen.
- **Avoid** leaving stoves, ovens, or grills unattended; use safe methods—not water—to extinguish grease fires.
- **Use** LED or battery-powered lights instead of live candles for decorations; check wires for damage and prevent outlet overloads.

🚶 National Pedestrian Safety Month

October is National Pedestrian Safety Month, a reminder that every step counts when it comes to protecting lives on our roadways. Despite improvements in road design and awareness campaigns, pedestrians remain one of the most vulnerable groups in traffic. The following facts highlight both national and Florida trends, underscoring why pedestrian safety must remain a priority for our communities.

🚶 **7,314 pedestrians** were killed in U.S. traffic crashes in 2023, with another 68,000 injured.

🌙 78% of pedestrian fatalities occur **at night**, when visibility is lowest.

🚦 **Three out of four** pedestrian deaths happen away from intersections, where drivers least expect to stop.

🌴 Florida reported more than **10,000 pedestrian-related crashes** in 2022, resulting in 765 deaths.

📍 Florida ranks **4th in the nation** for pedestrian fatality rate, making it one of the most dangerous states for those on foot.

🛡️ Crime Prevention Month

October is Crime Prevention Month, a nationwide effort to raise awareness through community involvement, education, and proactive safety measures. It’s a reminder to take stock of how you can strengthen protection for yourself, your family, and even your workplace against criminal activity.

Crime prevention is most effective when it starts with everyday habits. Small, consistent actions at home, in public, and at work not only protect you and your family but also strengthen the safety of the entire community.

🔒 Secure your home by locking doors and windows, using deadbolts, and installing motion-sensor lighting.

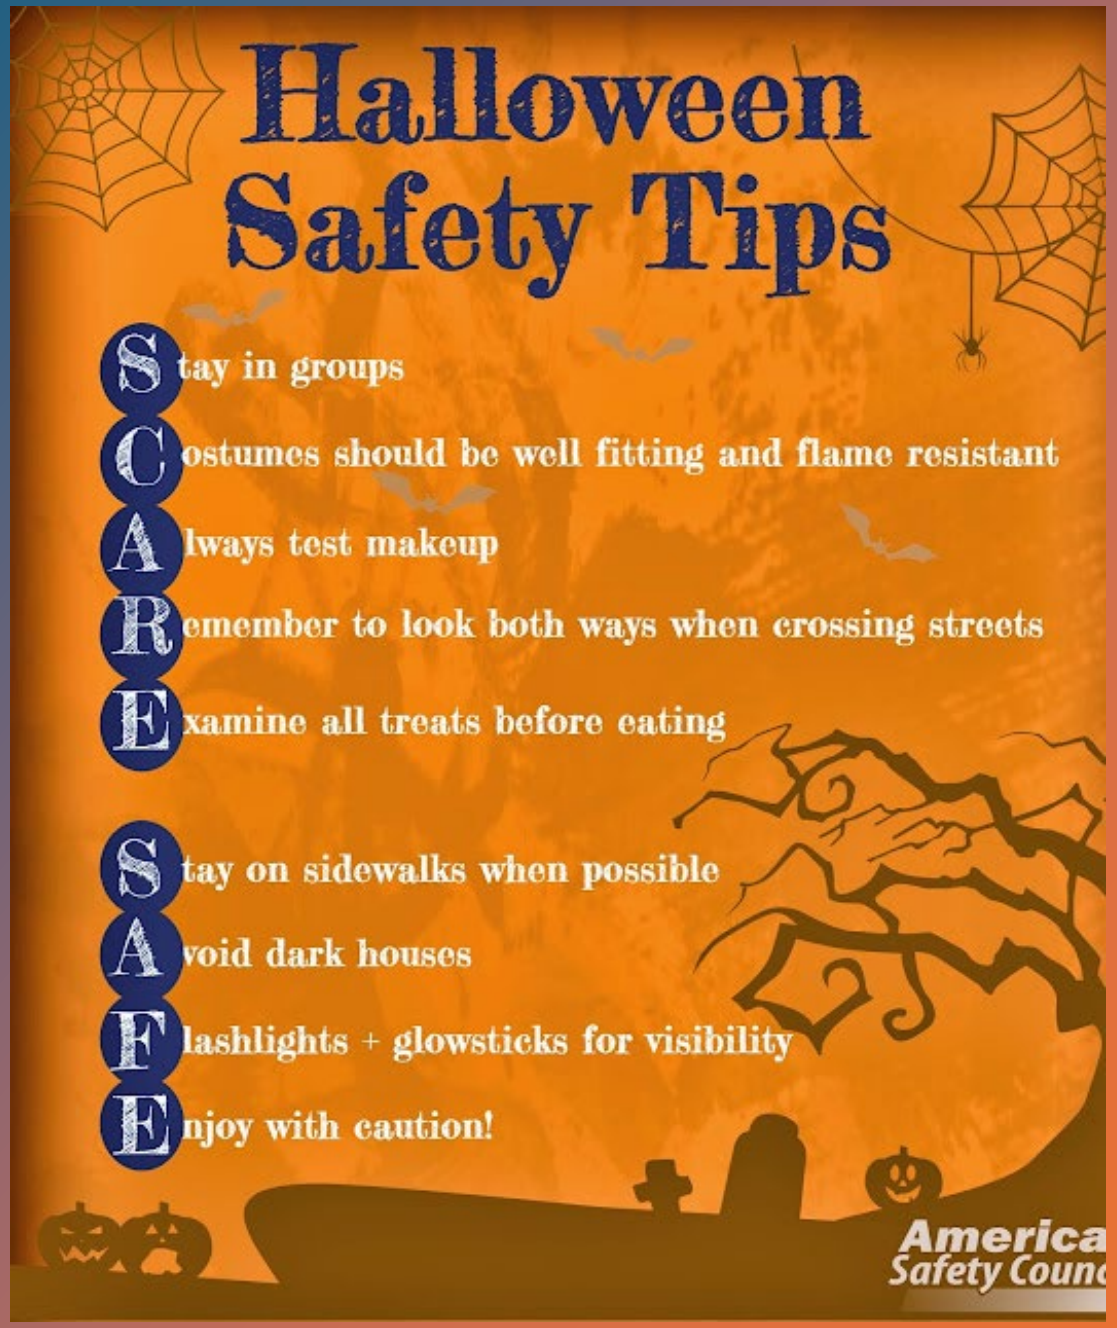

🚨 Install visible deterrents such as alarm systems, cameras, or neighborhood watch signage.

👀 Stay alert in public: keep phones out of sight, walk confidently, and stick to well-lit areas.

🚙 Protect your vehicle by locking it, removing valuables, and parking in secure, visible locations.

🤝 Build connections with neighbors to strengthen community watch and awareness.

💼 Practice workplace safety by controlling access, securing valuables, and reporting suspicious activity.

Why Are These Playgrounds Needed?

- The old playground was removed in 2021 for safety concerns, when it reached the end of its useful life (15-20 years).
- Parks' new standard age requirements for playgrounds:
  - Provide features for ages 2-5 and ages 5-12
- The separate features provide:
  - Smaller, more manageable activities for younger children
  - Prevent younger children from being injured on a larger equip.
  - Younger children do not have to complete with older children for activity space.
  - ADA compliant, incorporating Universal Design principles
  - Opportunities to develop physical, social-emotional, and cognitive-creative skills
- Resiliency
  - Elevate play structure bases above FEMA Base Flood Elevation (BFE) where possible to enhance durability.

Planning for a Resilient Future

Our parks and natural areas are often located on vulnerable sites that are prone to flooding.

With rising sea levels, planning for all park features addresses higher levels of current, and projected future, water levels to ensure that our playgrounds will be more durable and will be available for enjoyment for many years into the future.

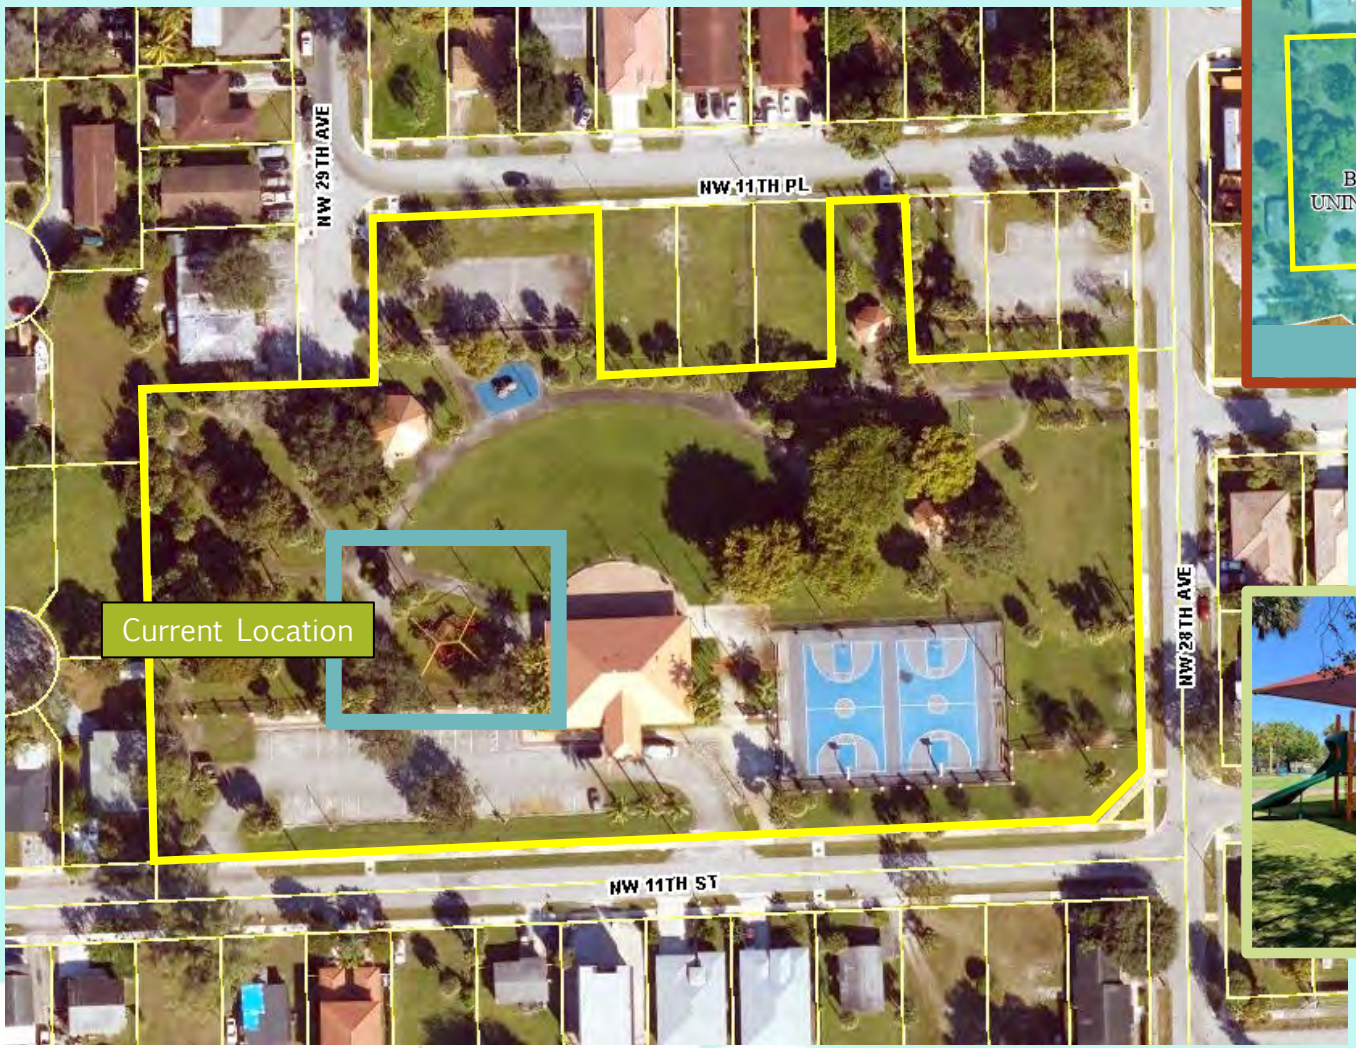

FEMA Flood Zone AE/AH/(EL 5)

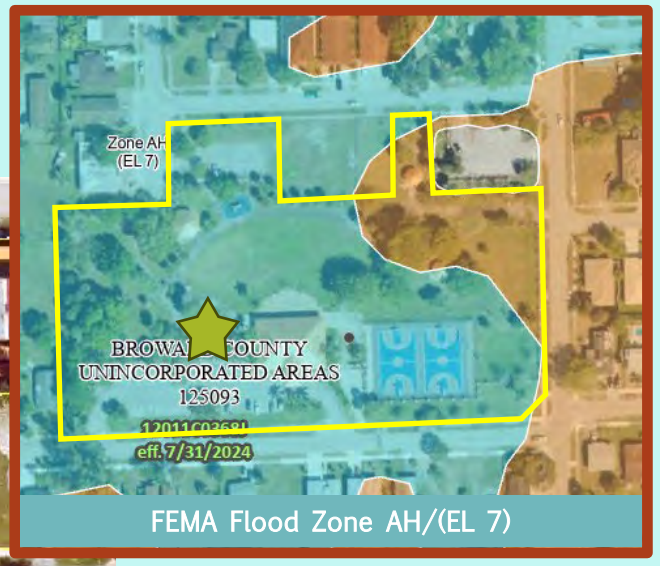

New dual age playground to be placed in similar location as the previous playground equipment.

Replacement will need to address flood zone limitations.

Tree Tops Park

Previous playground (c.2008) removed due to safety concerns.

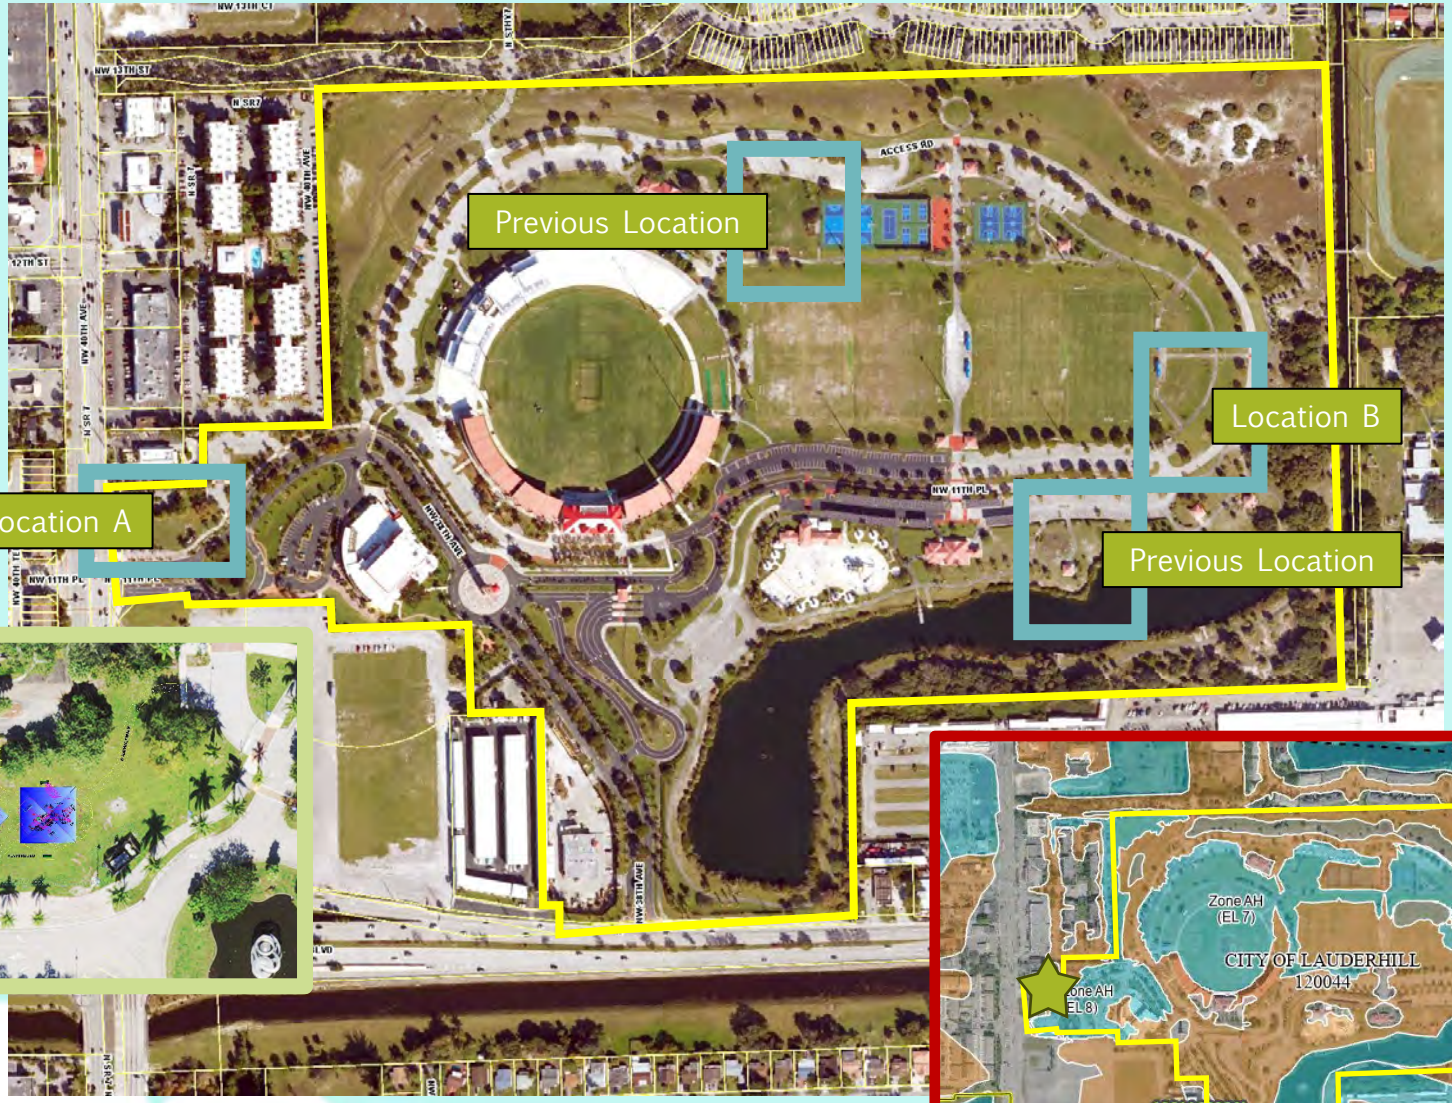

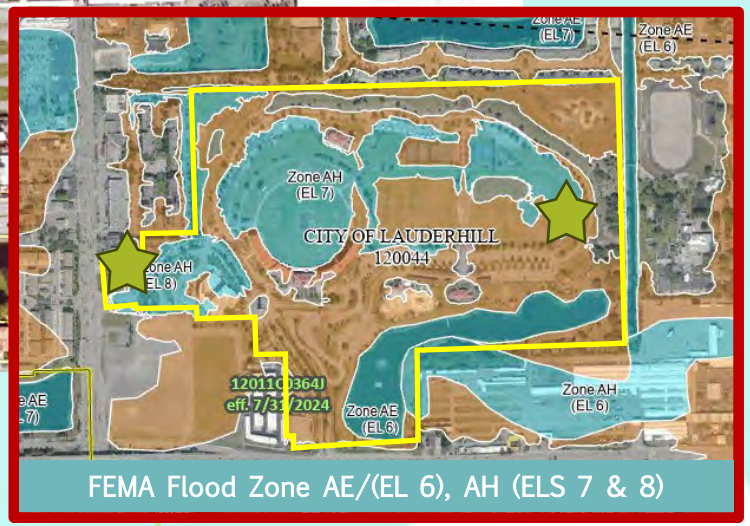

FEMA Flood Zone AH/(EL 7)

Roosevelt Gardens Park

Existing playground (c.2007) to be replaced by dual playground for extended play, Ages 2-5 and 5-12

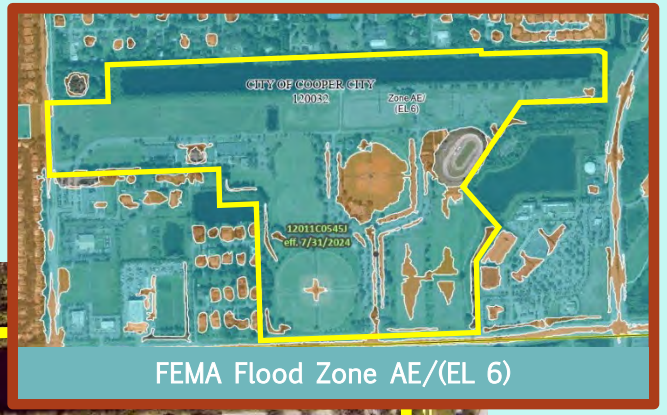

FEMA Flood Zone AE/(EL 6), AH (ELS 7 & 8)

Central Broward Park & Broward County Stadium

Both previous playgrounds (c.2004) have already been removed. Replacement location options shown.

FEMA Flood Zone AE/(EL 6)

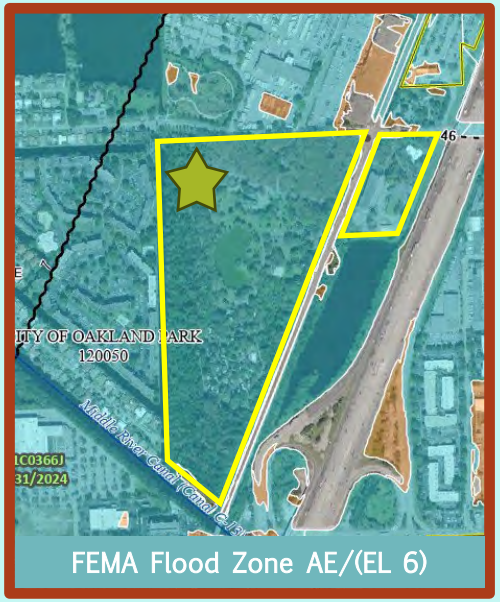

Brian Piccolo Sports Park & Velodrome

Playground (c.2009) removed to accommodate new Soccer Field. Future location to be determined.

FEMA Flood Zone AE/(EL 6)

New dual age playground to be placed in similar location as the existing equipment.

Replacement will need to address flood zone limitations.

Easterlin Park

Playground (c.1999) to be replaced due to age and condition.

FEMA Flood Zone AE/(EL 6)

Location of new dual age playground to be determined in conjunction with other proposed park improvements.

Reverend Samuel L. Delevoe Park

Playground (c.1998) in disrepair. Replacement will need to address flood zone in future location.

The Project at Tradewinds Park North to create new Educational Farm & Gardens is beginning construction before the end of 2025.

Construction is staged to be completed in several phases, and to be open to the public in late 2028.

New site play features include a splash pad and a farm-themed dual age playground with nearby picnic shelters.

Tradewinds Park – North and South Parcels

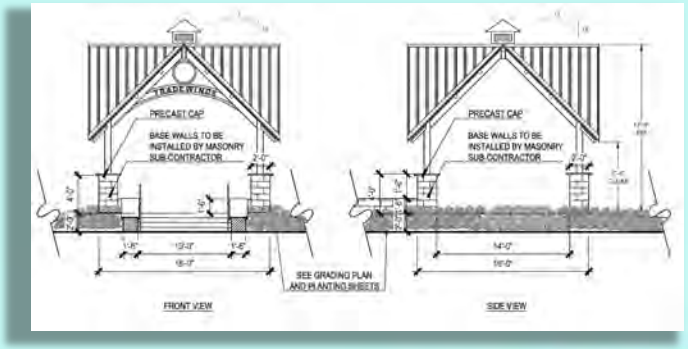

One of our largest Parks, there are several zones of use and multiple environmental areas.

Future Splashpad and Playspace

Tradewinds Park Educational Farm & Gardens

Construction as part of North Park improvements with new splashpad & themed dual age playground.

KEY PLAYGROUND DESIGN PRINCIPLES CONSIDERED

Playgrounds are designed for the following:

DURABILITY

- Commercial and Public Recreational use grade
- Choice of Safety Surfacing
- Design with modularity for ease of maintenance, replacement of out-moded features
- Resistance to Hurricanes, Flooding

SAFETY

- Fall Zone Protection per ASTM and IPEMA certification standards
- Fire Code requirements for flame resistant Shade Materials
- Shading from high Heat Index days

ADA COMPLIANCE

- Transfer Platforms and some Ramps depending on space available

Parks is also moving to address more of the following in our newer playground designs:

- UNIVERSAL DESIGN
- SENSORY & INCLUSIVE PLAY
  - Special Populations
    - New Communication Boards – at high usage playgrounds first.
- NATURE PLAY

We are now asking…

"How can be create better playgrounds for learning, activity, and fun for all children?"

Playground Communication Boards

Presented by: Broward County Parks and Recreation Special Populations

Parks and Recreation: Special Populations

What we do:

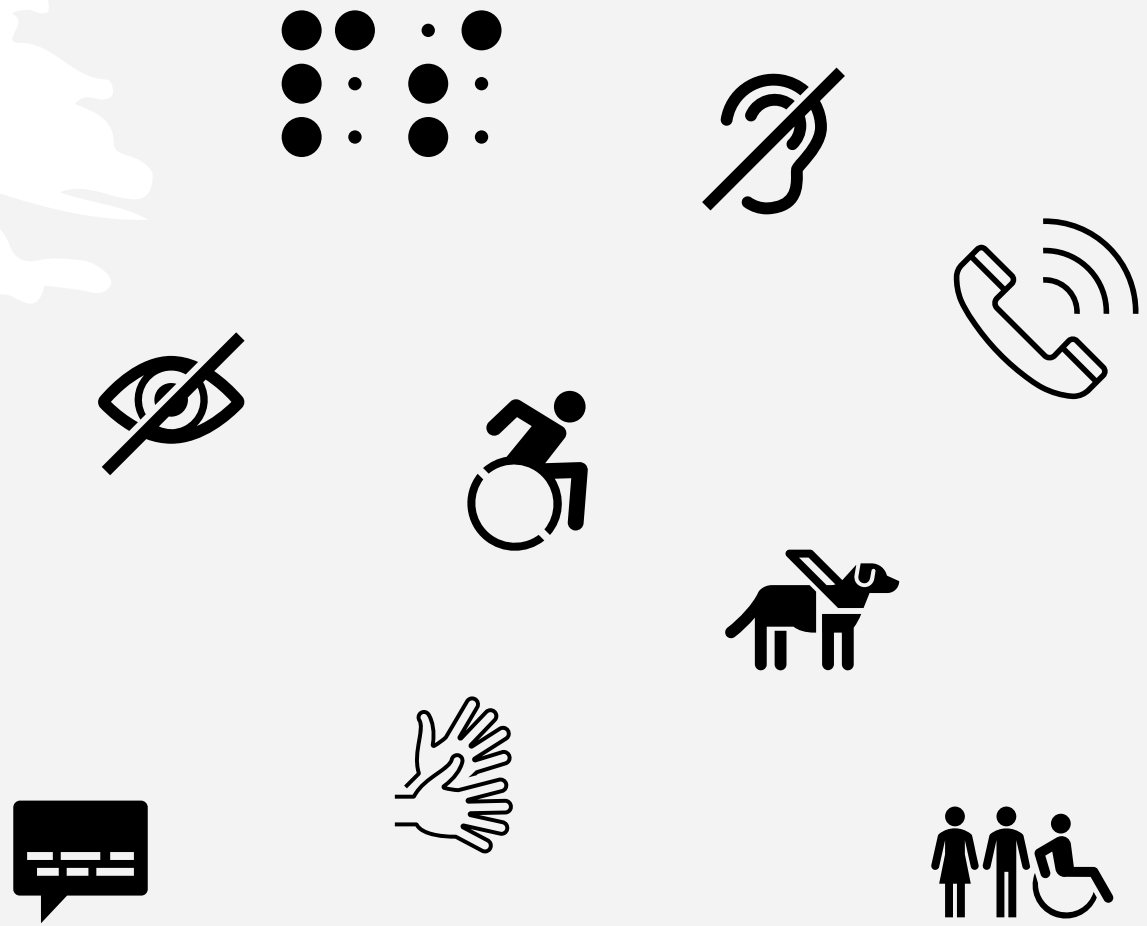

Special Populations plans, develops, implements, and evaluates a variety of year-round recreation and leisure programs, special events, and services to meet the interests and needs of children, teens, adults, veterans and seniors with and without disabilities.

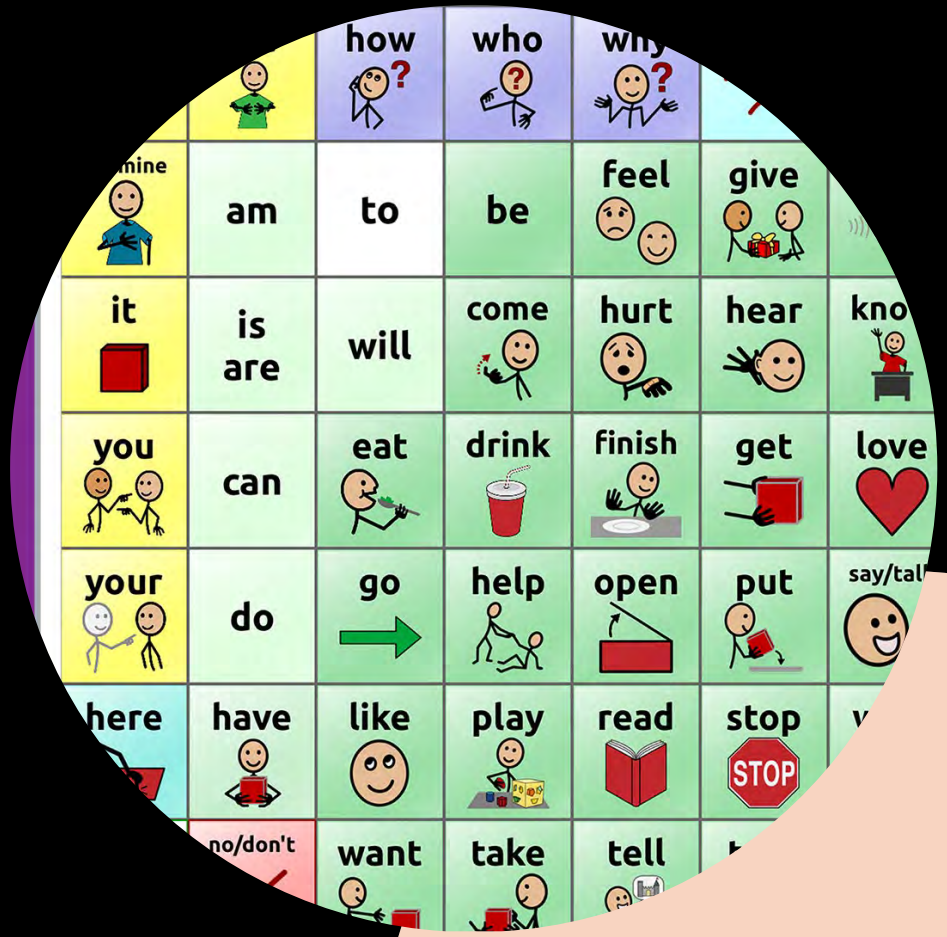

Inclusivity and accessibility

- Public green spaces are opportunities for foster inclusivity.
- Nonverbal individuals and/or those with limited ability to express themselves are often excluded when in public spaces.
- These public amenities and spaces are crucial opportunities for children’s overall development.

Communication Boards

- Alternative Augmentative Communication (AAC): A method of communication using symbols, pictures, and/or photos that an individual will learn to point to, to communicate with those around them.
- Aids those with limited spoken language and/or the ability to express themselves.
- Research backed methodology shows AAC communication benefits the individual.

Playground Communication Boards

- Foster communication
- Raise public awareness about special education
- Promote inclusion
- Enhance social interactions
- Reduce stress of verbal communication
- Create a learning opportunity for all children

Research has shown that AAC in playgrounds foster childhood development and benefit the community.

PLAYGROUND COMMUNI

Moorestown, NJ

1. This is a communication board. It has been designed to enable communication by pointing to each symbol. Adults pointing to symbols/words while talking may help children develop and expand language.

   Esta es una placa de comunicación. Ha sido diseñada para permitir la comunicación señalando cada símbolo. Los adultos que señalan símbolos/palabras mientras hablan pueden ayudar a los niños a desarrollar y ampliar el lenguaje.

2. If your child points to a particular picture, say the meaning of that picture out loud. For example: If your child points to the "cold" picture. You could ask "Oh! Are you cold?" Or you could make a comment: "That's right! It is a cold day!". Have fun!

   Si su hijo/a señala una imagen en particular, diga el significado de esa imagen en voz alta. Por ejemplo: si su hijo señala la imagen "frío". Podrías preguntar "¡Ay! ¿Tienes frío?" O podrías hacer un comentario: "¡Así es! ¡Es un día frío!". ¡Diviértete!

3. Are you concerned about your child's speech, language or communication? You don't have to wait. Contact an Early Childhood Center (ECC) or your public school district for an evaluation.

   ¿Le preocupa el habla, el lenguaje o la comunicación de su hijo/a? No tienes que esperar. Comuníquese con un Centro de Primera Infancia (ECC) o su distrito escolar público para una evaluación.

Special Populations is looking to add playground communication boards to all playgrounds, splash pads, and water parks.

- 31 Playground Signs
- 3 Splash Pad Signs
- 6 Water Park Signs (C.B. Smith and TY water parks would have two)

- Partnership between Parks Foundation and parks.

All work would be completed in house

Special Populations and marketing team will develop a design based on current research.

Sign shop will be able to print the boards on acrylic.

County staff will be able to install on wooden posts and paint

Parks Foundation Logo and information will be printed on the communication boards

Cost

Material	Cost
Printed Sign (36”x23.75”) - 40 Signs (31 playground signs, 3 splash pad signs, 6 water park signs**)	$610.00
Mounting Lumber/Screws	$2,535.20
Total Donation	$3,145.20

Phases

1

Phase I

- Three Splash Pads

2

Phase II

- Evaluation of high usage playgrounds
- Ranking to highest volume to lowest volume playgrounds and installation

3

Phase II

- Water park installations.

BROWARD COUNTY PARK SYSTEM FEE SCHEDULE

1. General.

All programs or events sponsored or cosponsored by the Broward County Parks and Recreation Division (Division) are exempt from the payment of fees set forth in this fee schedule. All fees set forth in this fee schedule are subject to, and include, applicable State of Florida sales tax, unless such fees are exempt from sales tax. For fees set to include sales tax, the amount of sales tax shall be separately stated on the sales receipt. Dishonored payments shall be subject to service fees and penalties as authorized under Section 35.3 of the Broward County Administrative Code.

Security deposits are exempt from sales tax when collected; however, if forfeited, such deposits become subject to sales tax.

2. Admission and Parking.

Fee

a. Admission fees are charged only for entry to regional parks.

b. The following admission fees are applicable on weekends and County observed holidays as described in (d) below, except as otherwise expressly provided in this section:

   1. Per motorized vehicle (8 or fewer occupants)..... $3.00
   2. Per motorized vehicle (9 or more occupants) 20.00
   3. Per motorized vehicle (Military/Veterans, as defined in 2.f) 2.00

c. Park admission is free for bicyclists, pedestrians, and horse riders.

d. For the purposes of this fee schedule, "County-observed holidays" shall mean the following holidays:

   1. Federal holidays observed on Mondays: Memorial Day, Labor Day, Martin Luther King Jr. Day, and President's Day.
   2. Holidays that fall on the same date or day every year: New Year's Day (January 1), Juneteenth (June 19), Independence Day (July 4), Veterans Day (November 11), Thanksgiving Day (fourth Thursday in November), and the day after Thanksgiving Day.

   Whenever any County-observed holiday falls on a weekend, admission fees shall be applicable on that weekend day, and not on any weekday that the County elects to observe such holiday. All County parks are closed on Christmas Day (December 25).

e. Admission fees are waived for the following: (i) individuals or groups on official Division business, when authorized by the Division Director; (ii) individuals who have a current, valid Veterans Pass for honorably discharged disabled veterans issued by the Division and; (iii) individuals who present information satisfactory to the Division evidencing eligibility under Section 125.029, Florida Statutes. The foregoing waivers do not apply to admission to special park amenities, special events, or parking at Hollywood North Beach Park.

f. Active members and honorably discharged veterans of the United States Armed Forces, National Guard, or reserve components thereof ("Military/Veterans"), may purchase a yearly Regional Park gate admission pass at a twenty-five percent (25%) discount. Exemptions in this section are not applicable to fees charged by any County-approved concessionaire operating a park facility or amenity.

g. Vehicle Count Security Deposit:

With manager approval, patrons with a reservation who wish to pay admission to the park for their guests can pay the following deposit amounts, which will be reconciled after the event with the Park's attendance count and patron will be charged or refunded to reflect the event's attendance.
