

DEVELOPER COORDINATION

This webpage contains information on land development (or re-development) standards applicable to the Water and Wastewater Services potable water, wastewater and reclaimed water jurisdiction.

The Utility Connection Permit is the process by which WWS allows connection to or modification of its potable water, wastewater and/or reclaimed water systems.

All linked documents are in Adobe PDF format. *If you have trouble or encounter errors when attempting to open any of the below documents, you may need to right click and "save link as" to save the document on your computer and then open the document from that saved folder.*
