INTRODUCTION

The Documentation of the Broward County Trafficways Plan outlines the Planning Council's procedures and policies for dedication of right-of-way, waivers of dedication requirements, and amendments to the Broward County Trafficways Plan.

The Broward County Trafficways Plan is a roadway right-of-way preservation plan. To accommodate the impacts of new development, right-of-way is required of developing parcels to provide for an adequate regional roadway network.

The Broward County Trafficways Plan was developed in the early 1960's by the Broward County Area Planning Board (APB). The APB adopted the Trafficways Plan in four parts: Central and North Broward in late 1962; Southeast Broward in November 1963; and Southwest Broward in April 1969. The Trafficways Plan was adopted under the APB's enabling legislation, Chapter 59-1154, Special Acts of Florida. The Broward County Board of County Commissioners approved the Trafficways Plan subsequent to the APB actions. Major revisions to the Trafficways Plan were approved in 1972 by the APB after the completion of a two-year study. The four sub-areas of the County were merged into one map at that time. The responsibility for the Broward County Trafficways Plan was transferred to the Broward County Planning Council when the Broward County Charter went into effect in 1975. The Planning Council continues to maintain the Trafficways Plan.

The Broward County Trafficways Plan is implemented through the Broward County and local government development review processes. Parcels which are required to plat must dedicate right-of-way consistent with the dedication requirements of the Trafficways Plan. Parcels which are exempt from platting must also dedicate the right-of-way in most circumstances. Local governments may require the dedication of right-of-way for Trafficways under other circumstances.

The Trafficways Plan is also implemented by the policies of the BrowardNext – Broward County Land Use Plan. For example, Policy 2.17.6 prohibits local governments from issuing building permits or development orders for construction of a building or the fulfillment of site requirements, such as required parking or required landscaping, within ultimate rights-of-way identified by the Trafficways Plan. This requirement applies regardless of whether a dedication is conveyed.

ARTICLE 1

PLAT REVIEW AND APPROVAL PROCEDURES

1.1 PURPOSE

Establish procedures for Planning Council review and approval of all plats to be recorded in Broward County. Planning Council approval applies to the dedication of right-of-way for Trafficways as required by the Broward County Trafficways Plan and the Broward County Plat Act, Chapter 28946, Laws of Florida, Special Acts of 1953, as amended.

1.2 APPROVAL PROCEDURE

Plats within Broward County shall be approved for compliance with the Broward County Trafficways Plan in accordance with the following procedures:

- (A) The Broward County Engineering Division shall determine the Trafficways dedication requirements for plats.
- (B) Broward County staff shall prepare a monthly plat list for the Planning Council's review at its regular monthly meeting.
- (C) The Planning Council shall take one of the following actions regarding each plat: (1) approve the plat as presented in accordance with the Trafficways Plan requirements; (2) approve the plat subject to conditions stipulated by the Planning Council to bring the plat into conformity with Trafficways Plan requirements; (3) deny the plat; or, (4) table the plat for additional information.
- (D) Following Planning Council action the Chair, or the Vice-Chair in the Chair's absence, of the Planning Council shall sign the plat linen. The Secretary shall sign linens in the absence of the Chair and Vice-Chair. The Broward County Engineering Division shall determine if the final plat linen conforms with the Planning Council action and present the linen to the Planning Council Executive Director for signature.

- (E) The final plat linen shall include the standard signature block, as follows:

BROWARD COUNTY PLANNING COUNCIL

This is to certify that the Broward County Planning Council approved this plat subject to its compliance with the dedication of right-of-way for Trafficways this ____ day of ____, 20__.

By: _____
Chair

This plat complies with the approval of the Broward County Planning Council of the above date and is approved and accepted for record this ____ day of ____, 20__.

By: _____
Executive Director or Designee

- (F) Subsequent to the meeting, letters reflecting the official Planning Council action shall be transmitted to the plat agent.

1.3 LIMITATIONS OF APPROVAL

The Planning Council approval shall be valid for ten (10) months. If the plat has not been recorded within the ten (10) months, it must be resubmitted for consideration. Extensions of the plat approval shall be considered as follows:

- (A) An additional sixty (60) day grace period may be granted upon request if the plat conforms to the current Trafficways Plan and is not affected by any proposed or scheduled public hearing.
- (B) Following plat approval by the County Commission, Planning Council approval of final plats shall run and expire concurrently with the expiration period established by the County Commission.
- (C) If the plat as approved by the Planning Council and County Commission is not recorded within the time established by the County Commission, or as extended, the plat must be resubmitted for reconsideration by the Planning Council.

1.2(D) - Amended May 24, 1990

1.2(E) - Amended June 28, 1990

1.3 - Amended May 25, 2000

ARTICLE 2

PROCEDURES FOR WAIVER OF THE BROWARD COUNTY TRAFFICWAYS PLAN DEDICATION REQUIREMENTS

2.1 INITIATION

- (A) Any individual may apply to the Broward County Planning Council for a waiver of the Trafficways Plan dedication requirement for a parcel when a Trafficways Plan dedication is required pursuant to the BrowardNext - Broward County Land Use Plan.
- (B) Applicants for a waiver of the Trafficways Plan dedication requirements must provide the Planning Council with a complete application, including applicable fee. See Appendix 1. Waiver applications involving one (1) or fewer single-family dwelling unit on one (1) single-family lot shall be exempt from the applicable fee, as long as the subject lot is not located within 500 feet of another single-family lot that was submitted or approved for a waiver of the Trafficways Plan dedication requirements within the previous twelve (12) months.

2.2 PLANNING COUNCIL REVIEW

- (A) The Planning Council Executive Director shall schedule a waiver application for a Planning Council meeting when the Executive Director has determined the application is complete.
- (B) The Planning Council shall make a recommendation to the Broward County Board of County Commissioners on a waiver application for parcels in the platting process. The Planning Council recommendation shall constitute its review of the plat for compliance with the Trafficways Plan dedication requirements.
- (C) The Planning Council shall take final action on a waiver application for parcels subject to exemption from platting pursuant to the BrowardNext - Broward County Land Use Plan.

2.1(A) - Amended January 25, 2001

2.1(B) - Amended January 25, 2001

2.2(A) - Amended January 25, 2001

2.2(B) - Amended January 25, 2001

2.2(C) - Amended January 25, 2001

2.1(B) - Amended October 26, 2006

ARTICLE 3

PROCEDURES FOR AMENDING THE BROWARD COUNTY TRAFFICWAYS PLAN

3.1 MUNICIPAL REVIEW

The Municipal Review program shall be held on a regular basis to allow municipalities to request amendments to bring the Trafficways Plan into conformity with municipal long-range plans.

- (A) The Executive Director shall request the Planning Council open the Municipal Review period.
- (B) The Executive Director shall inform all municipalities, the Mayor of the Broward County Board of County Commissioners, and the District Secretary of the Florida Department of Transportation when requests for amendments to the Trafficways Plan are being accepted.

3.2 INITIATION OF AMENDMENTS

No individual may submit a request for an amendment to the Trafficways Plan. Requests must be endorsed and submitted by a municipality, the Broward County Board of County Commissioners, or the District Secretary of the Florida Department of Transportation. The Planning Council may initiate an amendment to the Trafficways Plan at any time. Requests are accepted as follows:

- (A) Municipalities may initiate an amendment to the Trafficways Plan during the Municipal Review period.

3.1 - Amended January 25, 2001
3.1(B) - Amended January 25, 2001
3.2 - Amended January 25, 2001
3.2(A) - Amended January 25, 2001

- (B) Municipalities may request that the Planning Council initiate an amendment outside of a Municipal Review period. The Planning Council will initiate an amendment only if it determines that one or more of the following criteria are met:
 - (1) The amendment is directly related to a land use amendment being processed by the Planning Council.
 - (2) The amendment is in the immediate public interest.
 - (3) There is a serious hardship to one or more private parties.
- (C) The Broward County Board of County Commissioners may initiate an amendment to the Trafficways Plan at any time.
- (D) The District Secretary of the Florida Department of Transportation may initiate an amendment to the Trafficways Plan at any time.
- (E) Planning Council staff may recommend initiation of an amendment to the Trafficways Plan at any time.
- (F) Amendments to the Legend of the Trafficways Plan may be initiated only by the Planning Council.

3.3 AMENDMENT FEES

Amendments initiated by municipalities or the District Secretary of the Florida Department of Transportation are subject to the Planning Council's fee schedule (please contact the Planning Council office for the current fee) unless said amendments are cosponsored by the Planning Council and meet one or more of the following criteria:

- (1) The amendment is proposed to correct documented mapping errors.
- (2) The amendment is principally proposed to protect environmentally sensitive areas.
- (3) The amendment addresses corridor continuity problems such as linking segments without right-of-way conformity or segments without a logical terminus.
- (4) The Planning Council makes a finding that the amendment addresses an identified public purpose.

3.2(B) - Amended January 25, 2001
 3.2(C) - Amended January 25, 2001
 3.3 - Amended January 25, 2001
 3.3(1) - Amended January 25, 2001

3.4 PUBLIC HEARING

- (A) Public Hearings for amendments to the Trafficways Plan are scheduled at the Executive Director's discretion.
- (B) Amendments to the Trafficways Plan require one public hearing.
- (C) The public hearing shall require due public notice. Copy of such notice shall be mailed to the mayors of all municipalities and the Mayor of the Broward County Board of County Commissioners.
- (D) Following staff presentation and discussion at the public hearing, the Planning Council may take action to approve, deny, modify, or continue the request. When approved by the Planning Council, the Trafficways Plan amendment is effective immediately and the Trafficways Plan map is revised accordingly.
- (E) A public hearing on a proposed realignment of a Trafficways Plan segment is not required provided all of the following are met:
 - (1) The point of beginning and terminus for the realigned Trafficways Plan segment does not differ from the present alignment.
 - (2) The proposed realignment has been reviewed and confirmed in writing by applicable Broward County and Florida Department of Transportation engineering staff to meet all engineering design criteria and not impede the operation of the Trafficways Plan segment.
 - (3) The adjacent property owners of both the present and proposed alignment agree, in writing, to the proposed realignment and to dedicate, as per the applicable land development regulations, the entire right-of-way within their property for the proposed realignment.

3.4(C) - Amended January 25, 2001

3.4(E) - Amended January 25, 2001

3.4(E)(1) - Amended January 25, 2001

3.4(E)(2) - Amended January 25, 2001

3.4(E)(3) - Amended January 25, 2001

3.5 REVIEW OF AMENDMENTS

Review of proposed amendments to the Broward County Trafficways Plan shall be as follows:

- (A) The applicant must provide the Planning Council a complete application for a Broward County Trafficways Plan amendment. See Appendix 2.
- (B) Notification of amendments shall be provided to, and comments solicited from, affected municipalities, the Broward County Board of County Commissioners, and the District Secretary of the Florida Department of Transportation.
- (C) Each amendment shall be discussed at a meeting of the Trafficways Review Group and comments solicited from its members. The Trafficways Review Group shall consist of staff of the Broward County Engineering Division, the Broward County Traffic Engineering Division, the Broward County Department of Planning and Environmental Protection, including the Transportation Planning Division, the Broward County Mass Transit Division, the Florida Department of Transportation, the South Florida Regional Planning Council, the School Board of Broward County, and the Broward County Planning Council.
- (D) The Land Use/Trafficways Committee of the Planning Council shall consider and make a recommendation for each amendment which is not a quasi-judicial item. If the committee does not meet, due to the lack of a quorum, prior to a monthly meeting of the Planning Council, an amendment may proceed directly to the Planning Council meeting without a committee recommendation.

3.6 WIDTH OF TRAFFICWAYS

The Trafficways Plan is a regional roadway plan. Widths of Trafficways shall reflect the need for facilities at their ultimate right-of-way.

- (A) Corridors with an adopted specific right-of-way plan may have a varying right-of-way width.

3.5(C) - Amended December 7, 1989
3.5(D) - Amended April 25, 1991
3.5(A) - Amended January 25, 2001
3.5(B) - Amended January 25, 2001
3.5(C) - Amended January 25, 2001
3.5(D) - Amended January 25, 2001
3.6 - Amended January 25, 2001

- (B) No Trafficway shall be a width of less than 80 feet except for one-way pairs, corridors presently built out to either a 4-lane divided or 5-lane municipal cross section within 70 feet of right-of-way, and corridors with an adopted specific right-of-way plan which are consistent with and facilitate a specific regional purpose.
- (C) Trafficways identified as Arterials-Principal; Interstate, Expressway, and Freeway have varying right-of-way widths. Specific right-of-way plans are adopted for some of these corridors.
- (D) Trafficways identified as “State Principal Arterial” or “State Minor Arterial” on the current Broward County Highway Functional Classification Map shall not be removed from the Trafficways Plan. No existing Trafficway on the state system should be reduced to a width of less than 104 feet without the approval of the District Secretary of the Florida Department of Transportation.
- (E) Right-of-way designations should be of sufficient width to accommodate the safe movement of vehicular traffic, mass transit and mass transit facilities such as bus pull-out lanes and bays, bicycles, pedestrians, road drainage and aesthetic features such as landscaping.
- (F) Context Sensitive Corridors

A Trafficway may be designated by the Broward County Planning Council as a “Context Sensitive Corridor” (CSC) as defined by the Board of County Commissioners approved Countywide Design Guidebook, provided that the following conditions have been met:

- The trafficway is included within an adopted municipal or Broward County redevelopment plan; or
- The trafficway traverses an adopted BrowardNext – Broward County Land Use Plan “Activity Center”; and
- The local government provides appropriate supporting information to identify the design/performance criteria for the subject corridor.
- If the trafficway is identified as a State Highway System (SHS) and/or State Intermodal System (SIS) facility or SIS connector, prior written approval shall be obtained from the District Secretary of the Florida Department of Transportation.

A Trafficway may be designated as a “Context Sensitive Corridor” (CSC), with one of three sub-designations:

- Urban Core (UC) 100’, 106’, 110’, or 120’ ROW
- Urban Main Street (UMS) 80’, 94’, 100’, or 106’ ROW
- Urban Residential (UR) 70’ ROW

A Trafficway with an irregular right-of-way width designation may be designated as a “Context Sensitive Corridor” utilizing a sub-designation in which the irregular right-of-way width is within the range for that sub-designation (i.e 100’ to 120’ for UC, 80’ to 106’ for UMS).

3.6(D) - Amended October 22, 1998
3.6(C) - Amended January 25, 2001
3.6(D) - Amended January 25, 2001
3.6(E) - Amended January 25, 2001
3.6(F) - Amended March 26, 2009

APPENDIX 1 - APPLICATION FOR A WAIVER OF THE BROWARD COUNTY TRAFFICWAYS PLAN DEDICATION REQUIREMENTS

THE FOLLOWING INFORMATION MUST BE PROVIDED TO THE BROWARD COUNTY PLANNING COUNCIL BEFORE A WAIVER OF THE BROWARD COUNTY TRAFFICWAYS PLAN WILL BE ACCEPTED FOR PROCESSING.

1. APPLICANT INFORMATION

- A. Name, title, address, telephone and facsimile number for the owner(s) of the subject parcel.
- B. Name, title, address, telephone and facsimile number for the applicant or agent.
- C. Applicant's rationale for the request. The Planning Council requests a condensed version suitable for inclusion in the Planning Council's staff report.

2. APPLICATION FEE

Please contact the Planning Council office for information regarding the current fee.

3. LOCAL GOVERNMENT INFORMATION

- A. Name of subject municipality.
- B. Recommendation of the subject municipality regarding the proposed waiver.

4. SUPPORT INFORMATION

- A. Survey of subject parcel.
- B. Precise description of the requested waiver. Include graphics/maps as necessary to illustrate.

- C. Detailed description of the existing and proposed use of the subject parcel. *Planning Council staff will utilize this information to analyze net projected average daily traffic impacts as per Institute of Transportation Engineers methodologies.*
- D. Plat and/or site plan of subject parcel.
- E. A description of why the proposed development could not be located within the subject parcel consistent with the Trafficways Plan requirement.
- F. A description of the existing and planned future land uses, per the effective municipal land use plan, in the vicinity of the subject parcel.
- G. Proposed waivers of Trafficways Plan segments also identified as “State Principal Arterial” or “State Minor Arterial” on the current Broward County State Highway Functional Classification Map must be accompanied by a position statement from the District IV Secretary of the Florida Department of Transportation.
- H. Describe impacts the waiver may have on corridor ingress and egress relative to adjacent properties.
- I. Provide the current Broward County Five (5) Year and Adopted Long Range Transportation Plan average daily traffic volumes, roadway capacities, and levels of service for the subject Trafficways Plan segment. The above referenced information is available at the Broward Metropolitan Planning Organization.
- J. Indicate what improvements are programmed or planned for the subject Trafficways Plan segment including intersection improvements. Indicate the year of the programmed or planned improvement(s).
- K. Describe impacts the waiver may have on transit, bicycle, or pedestrian travel.

APPENDIX 2 - APPLICATION FOR AMENDMENT TO THE BROWARD COUNTY TRAFFICWAYS PLAN

THE FOLLOWING INFORMATION MUST BE PROVIDED TO THE BROWARD COUNTY PLANNING COUNCIL BEFORE AN AMENDMENT TO THE BROWARD COUNTY TRAFFICWAYS PLAN WILL BE ACCEPTED FOR PROCESSING.

1. LOCAL GOVERNMENT RECOMMENDATION

- A. Resolution from the local government specifically describing the Trafficways segment proposed for amendment and recommended width(s) and/or realignment.
- B. Minutes from local governing body meeting.
- C. Local government staff report on the amendment as provided to the local governing body.
- D. The local government's rationale for the amendment. The Planning Council requests a condensed version suitable for inclusion in the Planning Council staff report.
- E. Name, title, address, telephone and facsimile number for the local government contact.

2. APPLICATION FEE

Amendment applications, other than those submitted by the Broward County Board of County Commissioners or which are (co)sponsored by the Broward County Planning Council as per Article 3.3 of the "Documentation of the Broward County Trafficways Plan", are subject to the Broward County Trafficways Plan amendment fee schedule. Please contact the Planning Council office for information regarding the current fee.

3. AMENDMENT SUPPORT INFORMATION

- A. If a specific right-of-way plan or (re)alignment is proposed for a corridor, engineering drawings and/or other supporting documentation to establish the precise (re)alignment must be provided.
- B. Amendments to specific Trafficways which are also identified as "State Principal Arterial" or "State Minor Arterial" on the current Broward County State Highway Functional Classification Map must be accompanied by a position statement from the District IV Secretary of the Florida Department of Transportation.

- C. Describe the existing and planned future land uses, per the effective municipal land use plan(s), in the amendment area.
- D. Describe the current availability of public right-of-way along the amendment corridor and the extent of existing uses and structures within the current and/or proposed Trafficways corridor.
- E. Describe the feasibility of acquiring additional rights-of-way along the amendment corridor as per the current and/or proposed Trafficways Plan width through the development and/or redevelopment of adjacent parcels.
- F. Describe impacts the amendment may have on ingress and egress relative to adjacent properties.
- G. Describe anticipated impacts on transit, bicycle, or pedestrian travel along the subject Trafficways segment and on the surrounding regional roadway network.

Planning Council staff will collect the information listed below and analyze traffic impacts resulting from the amendment. You may provide a traffic impact analysis for the amendment. If you submit a traffic impact analysis, please address the items listed below and provide information on the methodology utilized.

- H. Provide the current average daily traffic volumes, roadway capacity, and level of service for the Trafficways segment proposed for amendment and the affected surrounding regional roadway network.
- I. Provide Broward County Five (5) Year and Adopted Long Range Transportation Plan average daily traffic volumes, roadway capacities, and levels of service for the Trafficways segment proposed for amendment and the surrounding regional roadway network, both with and without the amendment.
- J. Indicate what improvements are programmed or planned for the Trafficways segment proposed for amendment, including intersection, mass transit, bikeway, and pedestrian improvements. Indicate the year of the programmed or planned improvement(s).

Appendix 2 - Adopted: January 25, 2001

APPENDIX 3 - LEGEND OF THE BROWARD COUNTY TRAFFICWAYS PLAN

CHRONOLOGY OF THE TRAFFICWAYS PLAN LEGEND

1962		Right-of-Way	Right-of-Way
	<u>Classification</u>	<u>Desirable</u>	<u>Minimum</u>
	Freeway	300'	200'
	Expressway	200'	120'
	Primary Arterial	106'	80'
	Major Thoroughfare	100'	70'
	Secondary Thoroughfare	80'	60'

03-21-68 Board eliminated "Minimum" Column. County Attorney rendered opinion that, with this change, the Board would still be able to accept less than minimum when necessary.

07-16-70 Adopted the following legend:

Interstate	324'
Expressway	324'
Other - 6-lane	120'
Minor Arterial	106'
Collector	80'

Based on consistency with Federal Highway Act and standards and requirements for federal aid to highways.

05-24-72 Legend read:

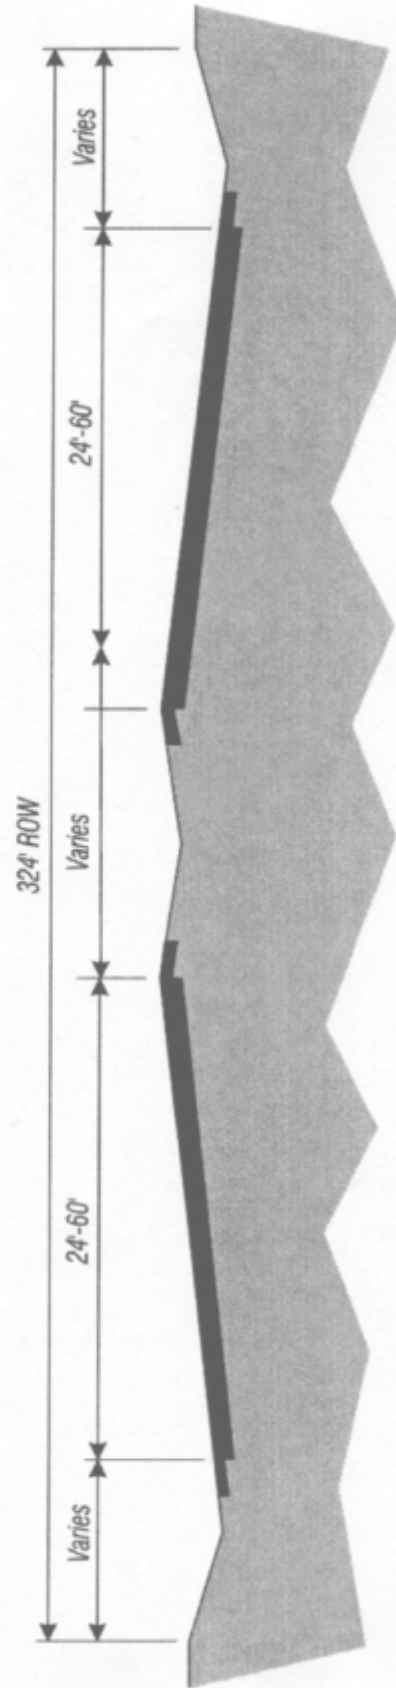

Interstate, Expressway, Federal	324'
Arterial Principal	200'
Other - 6-lane	120'
Arterials - Minor	110' - 106' - 100'
Collectors	80' - 70'

- 10-27-77 Re: 80' minimum right-of-way. The Council adopted a policy that there be no Trafficways on the Broward County Trafficways Plan of less than 80' total right-of-way other than one-way couples, based on information from the Florida Department of Transportation that department would not consider any project less than 80' for federal funding assistance.
- 07-26-79 The Council changed reference to cross-section to read "A typical cross section" to clarify that the cross section shown on the Trafficways Plan is an example only.
- 05-27-82 The Council amended its October 27, 1977 policy regarding 80' minimum right-of-way, thereby now allowing 70' right-of-way only if corridor is presently built out to either a 4-lane or 5-lane municipal cross section.
- 05-27-82 Changed "Other - 6-lanes" Trafficways classification to "Arterials-Major". Added three classifications: 54' and 42' one-way pairs; "Minor Collector" with 70' right-of-way.
- 09-15-88 Revised typical cross sections for 80' Collector and 70' Minor Collector. Adopted 94' Collector and cross section.
- 05-25-89 Adopted Documentation of the Broward County Trafficways Plan which incorporates policies regarding widths of Trafficways and changes to the legend.
- 04-25-91 Adopted 144' Arterial and typical cross section. Revised classifications. Deleted typical cross sections. Deleted list of revisions.

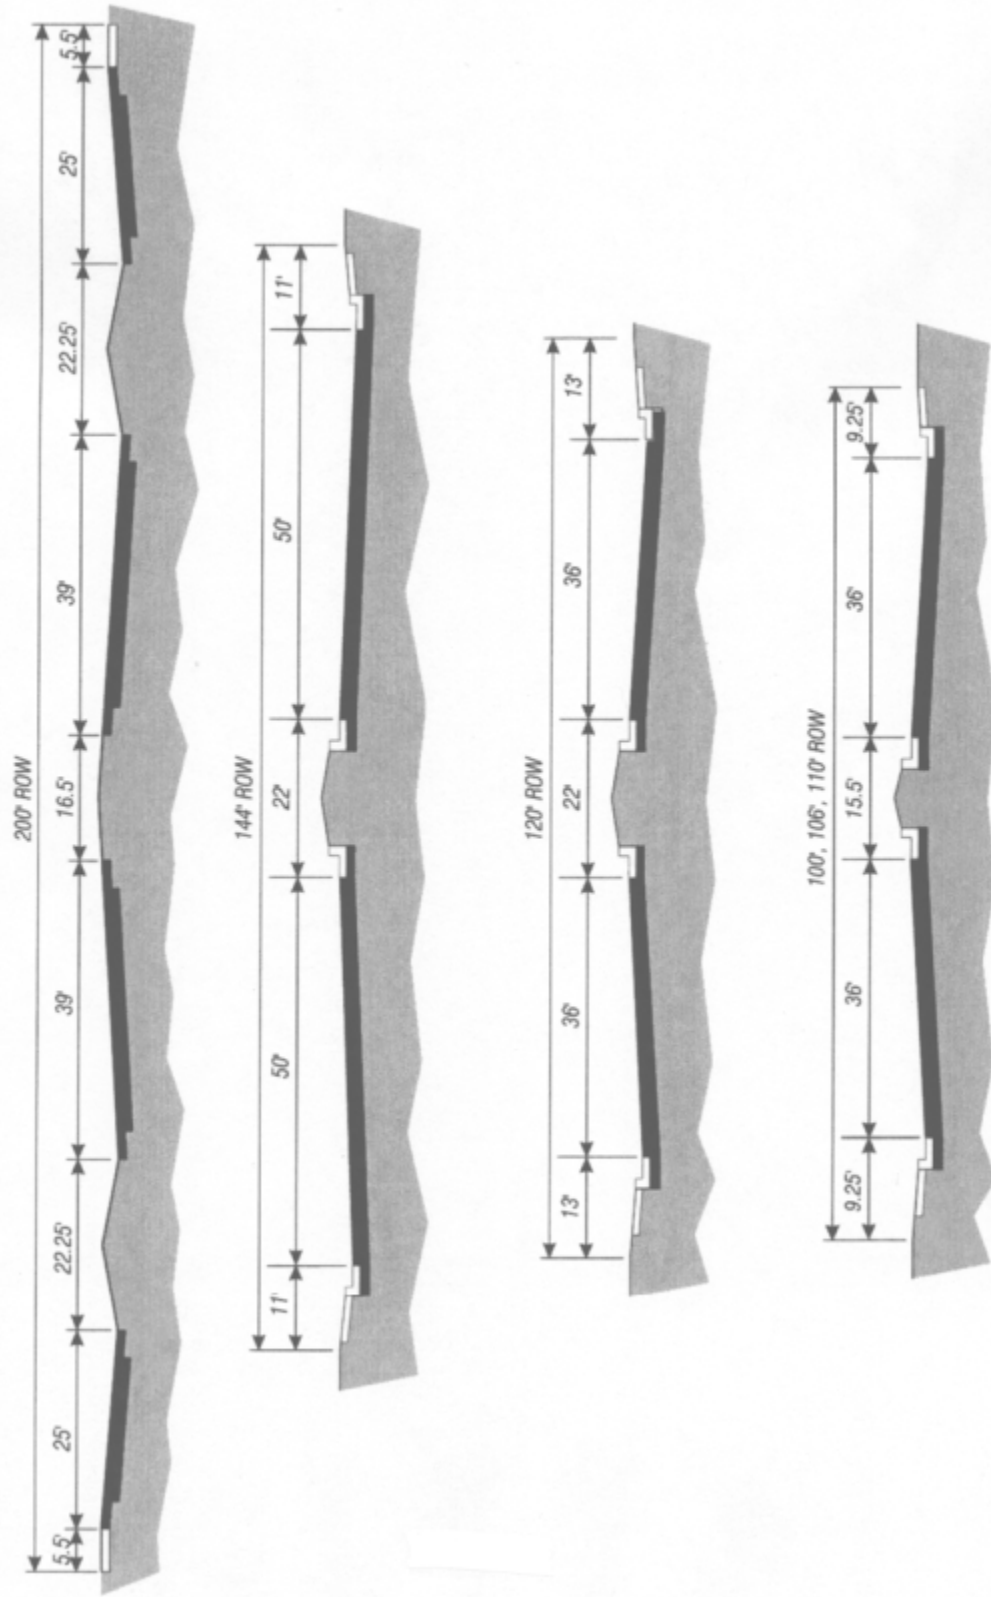

Current Legend

Limited Access/Controlled	325'
Arterial	200' - 144' - 120'
	110' - 106' - 100'
Collector	94' - 80' - 70'
One-Way Pair	54' - 42'

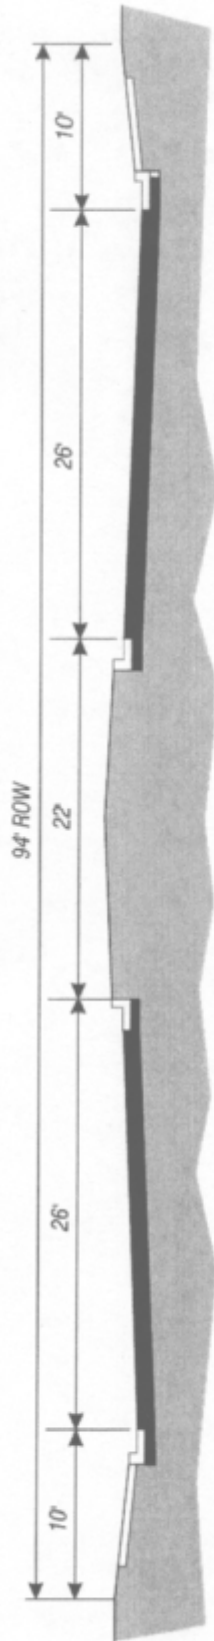

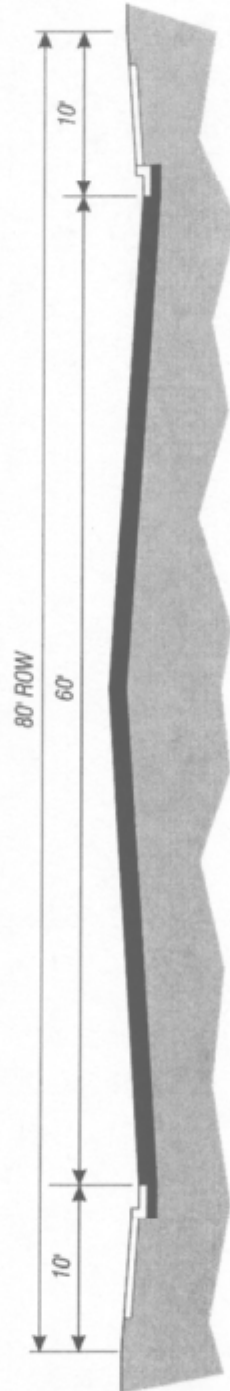

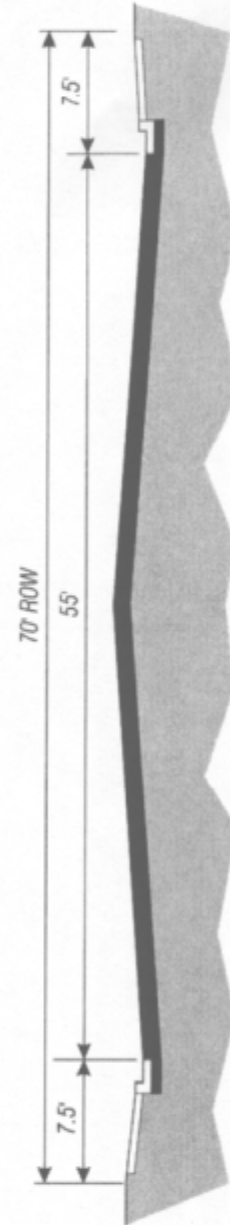

TYPICAL CROSS-SECTION: LIMITED ACCESS/CONTROLLED

TYPICAL CROSS-SECTIONS: ARTERIAL STREETS

TYPICAL CROSS-SECTIONS: COLLECTOR STREETS

TYPICAL CROSS-SECTIONS: ONE-WAY PAIR

54' R/W

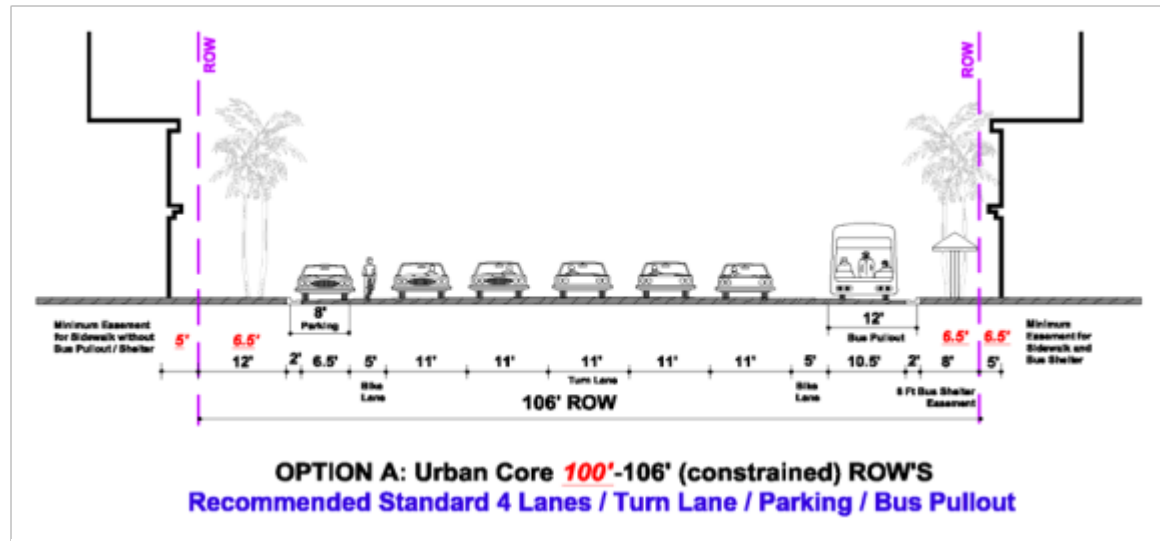

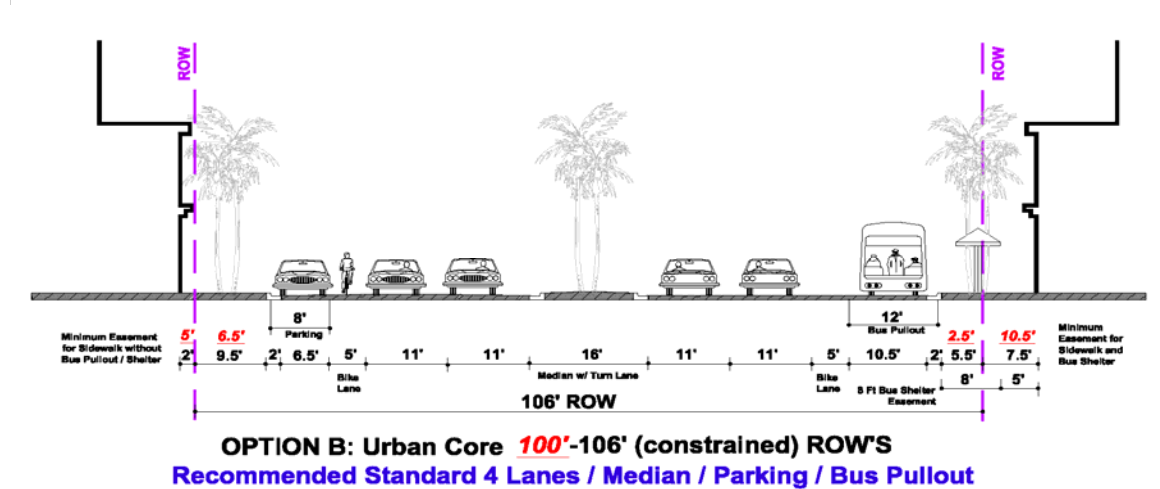

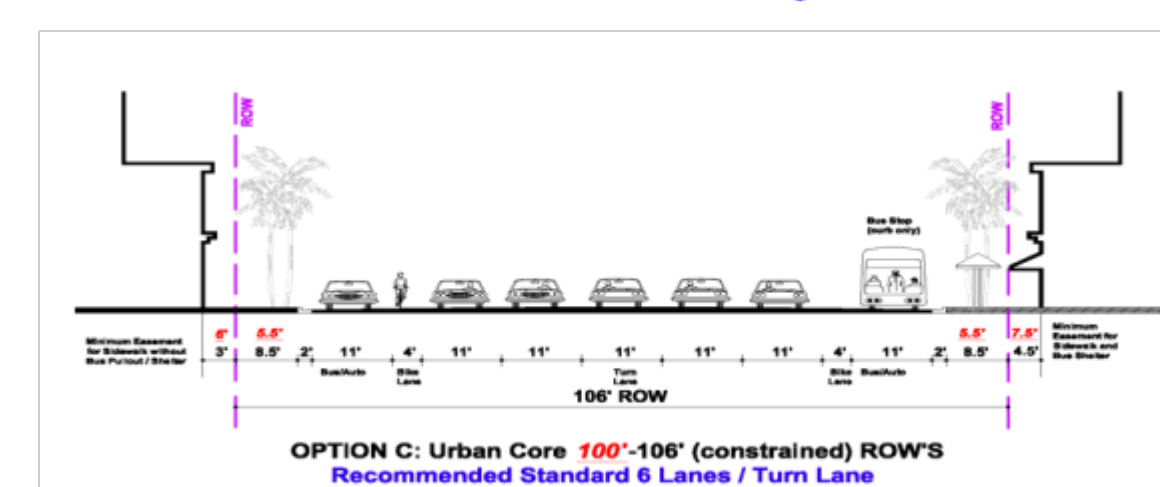

Two - one way pairs at 54' R/W each

42' R/W

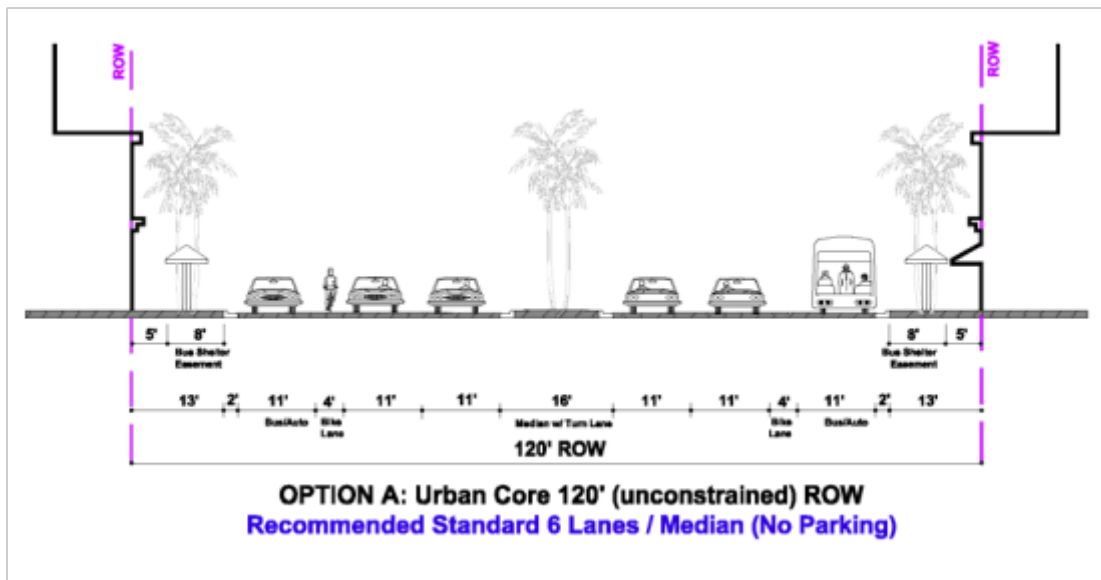

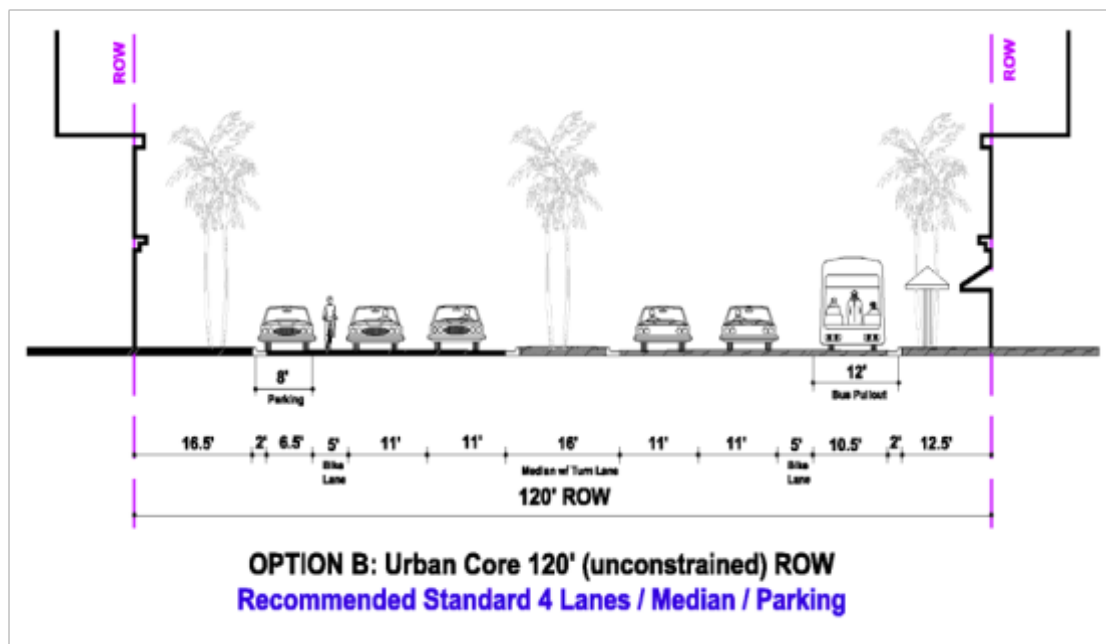

Two - one way pairs at 42' R/W each

Adopted : April 25, 1991

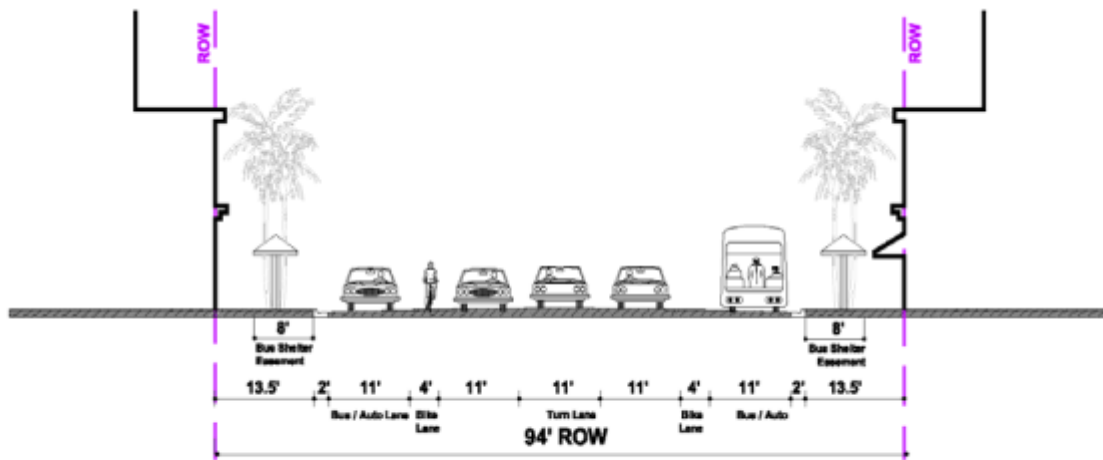

EXAMPLE CROSS-SECTIONS: Context Sensitive Corridor- Urban Core (CSC-UC)
(constrained)

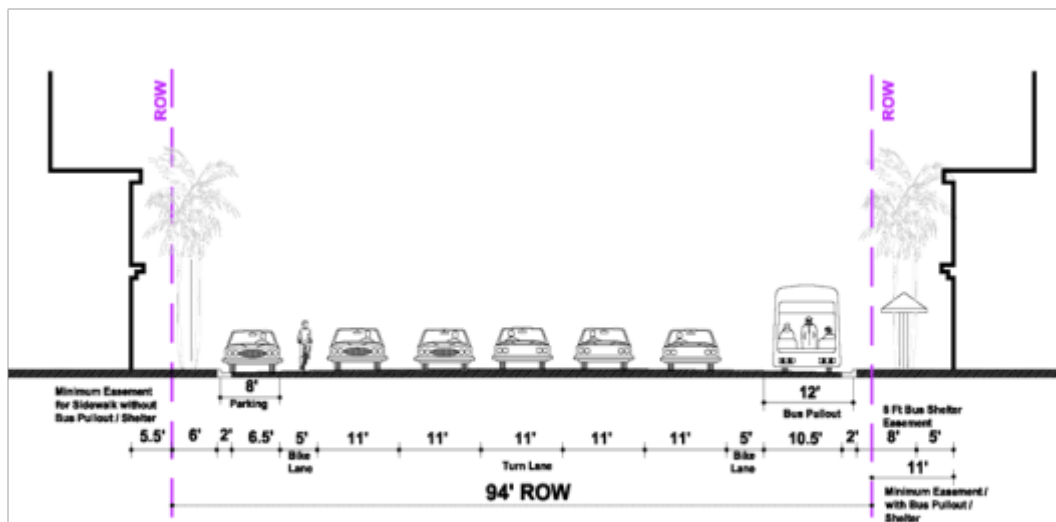

EXAMPLE CROSS-SECTIONS: Context Sensitive Corridor- Urban Core (CSC-UC)
(unconstrained)

EXAMPLE CROSS-SECTION: Context Sensitive Corridor- Urban Main Street (CSC-UMS) 94' ROW

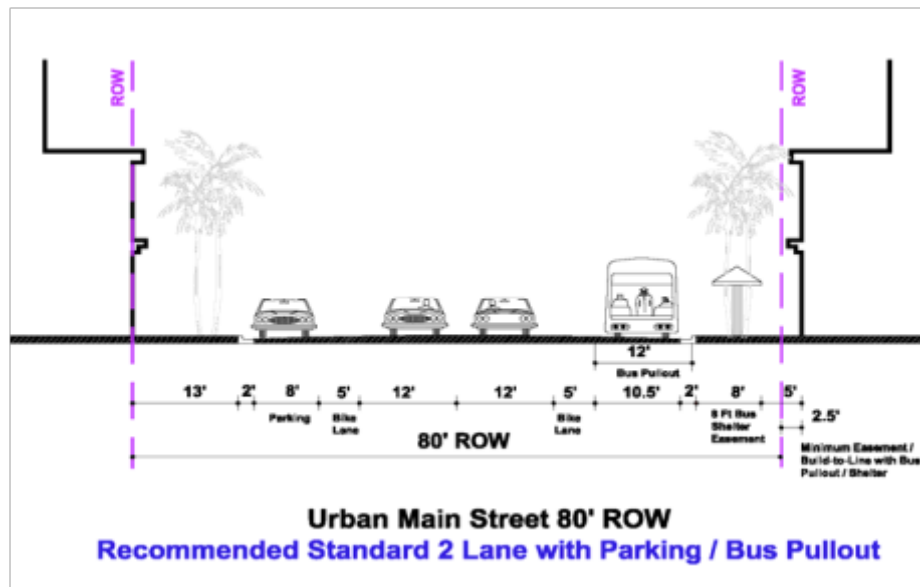

OPTION A: Urban Main Street 94' ROW
Recommended Standard 4 Lanes with Turn Lane / Bus Stop (No Parking)

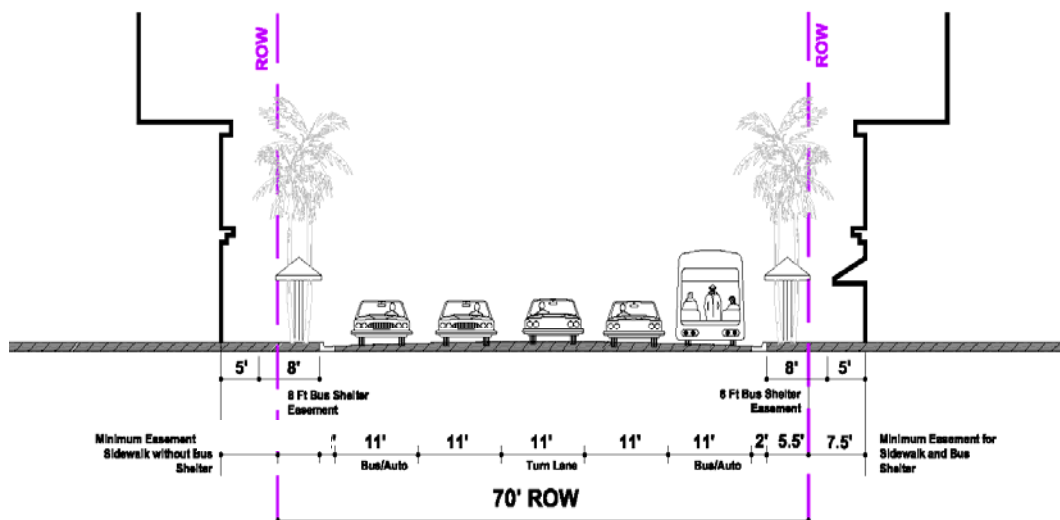

OPTION B: Urban Main Street 94' ROW
Recommended Standard 4 Lanes with Turn Lane / Parking / Bus Pullout

EXAMPLE CROSS-SECTION: Context Sensitive Corridor- Urban Main Street (CSC-UMS) 80' ROW

CROSS-SECTION: Context Sensitive Corridor- Urban Residential (CSC-UR)

**APPENDIX 4 - LIST OF REVISIONS TO THE BROWARD COUNTY TRAFFICWAYS PLAN
1983 - PRESENT***

1983

- 01-27-83 - TRAFFICWAY: Shadowwood Boulevard/Margate Boulevard
LIMITS: University Drive to Rock Island Road
ACTION: Deleted 80' Trafficway
- 04-28-83 - TRAFFICWAY: State Road A-1-A
LIMITS: US 1/Eller Drive to Taylor Road
ACTION: Deleted 120' Trafficway
- 04-28-83 - TRAFFICWAY: Northwest 48 Street/Wiles Road
LIMITS: State Road 7/US 441 to Florida Turnpike
ACTION: Realigned 110' Trafficway
- 04-28-83 - TRAFFICWAY: Pembroke Road
LIMITS: State Road 7/US 441 to US 1
ACTION: Reduced 106' Trafficway to 100'
- 04-28-83 - TRAFFICWAY: Hillcrest Drive
LIMITS: Washington Street to Park Road
ACTION: Deleted 80' Trafficway
- 04-28-83 - TRAFFICWAY: Hollywood Boulevard
LIMITS: Florida Turnpike to State Road 7/US 441
ACTION: Increased 120' Trafficway to 132'
- 08-25-83 - TRAFFICWAY: I-595/Port Everglades Expressway
LIMITS: University Drive to State Road 7/US 441
ACTION: Adopted specific right-of-way plan
- 08-25-83 - TRAFFICWAY: Military Circle/Hollywood Boulevard
LIMITS: North of Tyler Street to North/South Circle Drive west to south
of Tyler Street to North/South Circle Drive east
ACTION: Adopted specific right-of-way plan

*The Broward County Trafficways Plan was adopted in four sub-areas beginning in 1962 and was combined into one map in 1972. For revisions prior to 1983, please contact Council staff. As the chronological listing is updated, Appendix 4 will be printed as a separate document available at no additional cost.

08-25-83 - TRAFFICWAY: City Hall Circle/Watson Circle/26 Avenue
LIMITS: Polk Street to west of 26 Avenue to Van Buren Street to east of 26 Avenue
ACTION: Adopted specific right-of-way plan

08-25-83 - TRAFFICWAY: Young Circle/US 1/Hollywood Boulevard
LIMITS: North of Tyler Street to west of US 1 to south of Harrison Street to east of US 1
ACTION: Adopted specific right-of-way plan

09-22-83 - TRAFFICWAY: Northeast 10 Street
LIMITS: US 1 to State Road A-1-A
ACTION: Deleted 120' Trafficway

09-22-83 - TRAFFICWAY: State Road A-1-A
LIMITS: Northeast 10 Street to Dania Beach Boulevard
ACTION: Deleted 120' Trafficway

09-22-83 - TRAFFICWAY: State Road A-1-A
LIMITS: Dania Beach Boulevard to Sheridan Street
ACTION: Reduced 106' Trafficway to 80'

09-22-83 - TRAFFICWAY: Dania Beach Boulevard
LIMITS: Hollywood city limits to State Road A-1-A
ACTION: Reduced 110' Trafficway to 100'

10-27-83 - TRAFFICWAY: North/South 14 Avenue
LIMITS: Sheridan Street to Atlantic Shores Boulevard
ACTION: Deleted 80' Trafficway

12-08-83 - TRAFFICWAY: Northwest 136 Avenue
