Cooling Tower License Application Renewal

AFFIDAVIT OF COMPLIANCE

(To be completed by service provider. Attach one form per cooling tower installed after May 31, 2012.)

I hereby certify that all components of the cooling tower system for the above referenced facility are operating in full compliance with the Florida Building Code and with the Broward County Code of Ordinances, Chapter 34, Article VII (Broward County Cooling Tower Water Use Efficiency Ordinance).

Description of Cooling Tower (i.e. serial number, location, etc.): _____

The cooling tower:

1. achieves _____ cycles of concentration (a minimum of eight cycles of concentration is required);
2. is operating with conductivity controllers and make-up and blow down meters; and
3. is equipped with efficient drift eliminators that achieve a drift reduction to a maximum of 0.002% of the recirculated water volume for counterflow towers and 0.005% of the recirculated water volume for cross-flow towers.
