Chauffeur

Please be advised that each chauffeur registration (hack license) applicant must meet the requirements set forth in Section 22½-8(e) of the Broward County Code of Ordinances. If an applicant does not meet these requirements, they will be denied and/or automatically excluded from obtaining a chauffeur's registration from the Consumer Protection Division. Also, the Consumer Protection Division has discretion under additional provisions of Chapter 22½-8 to consider other factors, such as an applicant's traffic history and criminal history, when making a determination to approve or deny an applicant's chauffeur registration.

Note: Pursuant to Section 22½-8(k), each applicant who has been denied a chauffeur registration by the Consumer Protection Division, has the right to a hearing before a hearing panel if the applicant files a timely, written request to the Director of the Division within thirty (30) days after the date of the denial. However, pursuant to Section 22½-8(n), a hearing panel does not have the authority to grant a chauffeur's registration to any applicant that does not meet the requirements of Section 22 ½-8(e).

Applicants must have a valid Florida driver's license, the ability to speak, read, and write in English, and the mental, emotional and physical ability to safely carry out the duties inherent in operating a for-hire vehicle.
