This project is not open for proposal submissions at this time.

GENERAL CONDITIONS
Quotation Requests and Invitations to Bid
(No BCF in Solicitation)

These General Conditions apply to all Quotation Requests and Invitations to Bid (each a “solicitation”) issued by Broward County (the “County”) unless the County deletes, supersedes, or modifies any of these General Conditions for a particular solicitation by indicating such change in the Special Instructions to Vendors. The submission by any vendor (“Vendor”) of a response to the solicitation (“response”) constitutes Vendor’s offer to the County to contract with the County and includes as a material part of that offer Vendor’s agreement that these General Conditions, along with all other provisions included in the solicitation and the pricing stated in Vendor’s response, will constitute the contract between the Vendor awarded the solicitation (“Contractor”) and the County, and shall prevail over any conflicting provision in any quotation, standard form contract, or other document of the Contractor, regardless of any language in such document(s) to the contrary. Any modification to these General Conditions or the language of the solicitation by Vendor is prohibited, unenforceable, and may render Vendor’s response nonresponsive.

The Broward County Procurement Code (“Procurement Code”), Chapter 21 of the Broward County Administrative Code, is applicable to this solicitation, and can be obtained from the Purchasing Division’s website at: www.broward.org/purchasing. Submission of a response constitutes Vendor’s agreement to be bound by the Procurement Code as applied to this solicitation.

A. GENERAL PROVISIONS

1. Effect of Vendor’s Signature on Vendor’s Response.

By Vendor including its digital or electronic signature on the response:

- (a) Vendor represents and certifies that the representations in Section A.2 of these General Conditions are true and accurate;
- (b) Vendor acknowledges, accepts, and agrees that the solicitation is governed by the Terms and Conditions of the solicitation stated herein; and
- (c) **VENDOR ACKNOWLEDGES, ACCEPTS, AND AGREES THAT, IF AWARDED THE SOLICITATION BY THE COUNTY’S ACCEPTANCE OF VENDOR’S OFFER AS SET FORTH IN ITS RESPONSE, VENDOR IS LEGALLY BOUND TO THESE GENERAL CONDITIONS, SPECIAL INSTRUCTIONS, AND THE SPECIFICATIONS OF THIS SOLICITATION, INCLUDING WITHOUT LIMITATION THE TERMS AND CONDITIONS OF CONTRACT STATED HEREIN.**

2. Vendor Representations and Certifications.

Vendor represents and certifies the following:

- (a) The individual submitting the response is authorized to sign on Vendor’s behalf and has actual legal authority to bind Vendor to the solicitation’s terms. Vendor acknowledges and agrees that electronic signatures or digital signatures shall have the same legal effect as a handwritten signature.
- (b) Vendor’s response is made without prior understanding, agreement, or connection with any other vendor submitting a response to the solicitation regarding either vendor’s response, and is in all respects fair and without collusion or fraud.

GENERAL CONDITIONS
Quotation Requests and Invitations to Bid
(No BCF in Solicitation)

(c) Vendor is neither delinquent in payment of any taxes, fees, fines, contractual debts, judgments, or any other debts due and owed to the County, nor in default of any contractual or regulatory obligation to the County.

(d) No owner, principal, officer, director, or member of Vendor is or was an owner, principal, officer, director, or member in any other firm that was suspended or debarred from doing business with the County within the last three (3) years, unless otherwise noted in Vendor's response.

(e) All statements in Vendor's response are accurate, true, and correct. Vendor acknowledges that any inaccurate, untruthful, or incorrect statement made in its response may be used by the County as a basis for rejection; rescission of contract award; or termination of the contract; and may also serve as the basis for suspension and/or debarment of Vendor pursuant to the Procurement Code.

(f) Vendor represents and warrants that it possesses the knowledge, skill, experience, and financial capability required to provide and perform all goods and services required under the solicitation and that each person and entity that will provide goods or services under the contract is duly qualified and, to the extent required, licensed and certified by all appropriate governmental authorities to perform such services, and is sufficiently experienced and skilled in the area(s) for which such person or entity will render such goods or services. Vendor further represents and warrants that it has or will obtain all necessary permits and approvals required by applicable law to perform all goods and services required under this solicitation and the resulting contract.

B. TERMS AND CONDITIONS OF THE SOLICITATION

1. Responses.

Responses must be submitted electronically through the County's designated electronic bidding system ("EBS"). It is Vendor's responsibility to ensure its response is submitted and received through the EBS by the date and time specified in the solicitation. The County will not consider responses received by other means or after the time that responses are due. All timeframe references are to Eastern Time. The official time for electronic submittals is the EBS's servers, as synchronized with the atomic clock. Any response that seeks to modify or take exception to the official time shall be deemed nonresponsive.

The County is a public agency subject to Chapter 119, Florida Statutes. Any material submitted in Vendor's response is a public record available for public inspection and copying pursuant to Section 119.07, Florida Statutes. If Vendor contends any material constitutes or contains trade secrets or is otherwise exempt or protected from disclosure under Florida public records laws (collectively, "Restricted Materials"), Vendor must separately submit and conspicuously label the Restricted Materials as "RESTRICTED MATERIAL – DO NOT PRODUCE." Unless submitted in accordance with this paragraph, Vendor waives any claim of confidentiality or trade secret with respect to any and all information included in the Vendor's response. If a third party submits a public records request for Restricted Materials, the County shall refrain from disclosing the Restricted Materials unless otherwise ordered by a court of competent jurisdiction or authorized

GENERAL CONDITIONS
Quotation Requests and Invitations to Bid
(No BCF in Solicitation)

in writing by the Vendor, and Vendor must indemnify and defend the County and its employees, officers, and agents from any and all claims, causes of action, losses, fines, penalties, damages, judgments, and liabilities of any kind, including attorneys' fees, litigation expenses, and court costs, relating to the nondisclosure of the Restricted Material in response to a public records request by a third party.

2. Withdrawal.

Unless otherwise expressly permitted under the Procurement Code, Vendors may not withdraw their responses after the deadline for responses to the solicitation until 120 days (all references to "days" in these General Conditions mean calendar days, unless otherwise expressly stated) after the deadline for filing responses to the solicitation. Any response that seeks to modify or take exception to this provision shall be deemed nonresponsive. Violation of this section may subject Vendor to suspension or debarment, and shall entitle the County to execute on Vendor's posted bid security.

3. Bid Opening.

All responses to Invitations to Bid shall be publicly opened in the public domain or as otherwise designated in the solicitation. The Purchasing Division will decrypt responses received in the EBS immediately following the deadline for bid responses.

4. Cancellation of Solicitation.

The Director of Purchasing may cancel a solicitation at any time before the deadline for responses.

5. Addenda.

The County reserves the right to amend this solicitation prior to the deadline for Vendor responses by issuing written addenda to the solicitation. If, upon review, a Vendor finds a nonclerical error in an addendum, that Vendor must contact the Purchasing Division immediately, prior to the deadline for submission of responses, to allow the County to review the alleged error and to issue any clarification, if the County determines that a clarification is necessary. Vendors are responsible for obtaining and reviewing each addendum prior to the deadline for submission of responses to the solicitation. The terms of all addenda to the solicitation are incorporated herein.

6. Prices.

All responses must include firm prices, which must include all handling, set up, shipping, and inside delivery charges to the destination specified in the solicitation, unless otherwise indicated in the solicitation.

(a) **Certification of Prices:** Vendor certifies that the prices it is proposing in its response are not higher than the prices at which Vendor sells the same goods and/or services in approximately similar quantities, under similar terms and conditions, to any other purchaser.

(b) **F.O.B. Destination:** Unless otherwise specified in the solicitation, prices shall be provided as F.O.B. Destination, with freight, fuel, and all other costs included.

GENERAL CONDITIONS
Quotation Requests and Invitations to Bid
(No BCF in Solicitation)

(c) **Taxes:** The County is exempt from federal and Florida taxes on direct purchases of tangible property. The County's tax exemption number will appear on the County's purchase order. Vendor must pay all applicable sales, consumer, land use, or other similar taxes required by law.

(d) **Discounts:** Vendors may offer a cash discount for prompt payment, but such discounts will not be considered by the County in determining the lowest net cost for evaluation purposes unless otherwise stated in the solicitation.

(e) **Mistakes:** Vendors are cautioned to examine all specifications, drawings, delivery instructions, unit prices, extensions, and all other special conditions pertaining to this solicitation. Failure to examine all pertinent documents shall not entitle Vendors to relief from any provision or any requirement of this solicitation. Mathematical errors, other than in unit prices, may be deemed clerical errors and are subject to correction by the County at the County's sole discretion. If there is a mistake in the extended price (i.e., unit price multiplied by quantity), the unit price shall govern.

7. Awards.

If a specific basis of award is not established in the Special Instructions to Vendors, the award shall be to the lowest responsive and responsible Vendor. In accordance with Section 287.05701, Florida Statutes, the County may not request documentation or consider a Vendor's social, political, or ideological interests when determining if the Vendor is a responsible vendor or give preference to a Vendor based on the Vendor's social, political, or ideological interests. When two or more Vendors offer the same pricing, the Purchasing Division will break the tied responses in accordance with the applicable provisions of the Procurement Code. The County reserves the right to make separate award(s) to one or more Vendors for individual goods/services, groups of goods/services, or all or none or any combination thereof. When a group of goods/services is specified in the solicitation, Vendor must include in its response prices for all items within the group.

A Vendor desiring to offer "No Charge" on an item in a group of goods/services must so indicate by placing a \$0.00 in the offer field for that item, and enter "No Charge" in the "Notes for Buyer" section in the EBS. If a Vendor does not comply with these requirements, its response with respect to that group of goods/services will be deemed incomplete and may be rejected. However, if Vendor(s) do not offer all items within a group, the County may issue an award on one or more items on an item-by-item basis. When a group is indicated for variable quantities and the group shows evidence of unbalanced prices, such solicitation response may be rejected. The Director of Purchasing, or the Broward County Board of County Commissioners ("Board"), as applicable, reserves the right to waive technicalities and irregularities and to reject any or all responses.

8. Qualifications of Vendors.

The County will only award a contract to a Vendor that is normally engaged in providing the types of commodities, services, or construction specified in the solicitation. Vendors must comply with all applicable state or local business licensing requirements. Vendors must have adequate

GENERAL CONDITIONS
Quotation Requests and Invitations to Bid
(No BCF in Solicitation)

organization, facilities, equipment, and personnel to ensure prompt and efficient service to the County. The County reserves the right to inspect Vendor's facilities, equipment, personnel, and organization, or to take any other action necessary to determine Vendor's ability to perform in accordance with the solicitation's specifications, terms and conditions, and Vendor's submittal of its response to the solicitation shall be deemed to constitute Vendor's consent to such inspection. The County will determine whether the evidence of ability to perform is satisfactory, and reserves the right to reject responses and/or find any Vendor nonresponsible where evidence or evaluation is determined to indicate insufficient or uncertainty regarding capacity or ability to perform. The County may also consider a Vendor's history of any and all types of citations, orders, judgments, and/or violations, including those relating to suspensions, debarments, or environmental regulations, in determining responsibility. Failure of a Vendor to submit such information may be grounds for rejection of Vendor's response and constitutes grounds for termination of Vendor's contract if awarded the solicitation. Vendor shall notify the County immediately of any citations, orders, judgments, or violations not included in Vendor's response that occur at any time prior to award of the contract.

9. Affiliated Entities.

Each Vendor must disclose in its response the names and addresses of its principals and identify all affiliates of Vendor at any time in the five (5) years preceding the date the solicitation was posted. For purposes of this section: (a) "principal" is an individual who is an officer or member of Vendor, or an owner of at least 10% of the equity interest of Vendor; (b) "affiliate" is any entity that directly or indirectly controls, is controlled by, or is under common control with, Vendor or principal(s) of Vendor; and (c) "control" means (i) ownership, directly or indirectly, of fifty percent (50%) or more of the shares of stock entitled to vote for the election of directors, in the case of a corporation, or fifty percent (50%) or more of the equity interests in the case of any other type of legal entity, or (ii) status as a general partner in the case of a partnership, or (iii) any other arrangement whereby a party controls or has the right to control the Board of Directors or equivalent governing body of the entity, or (iv) in the case of a corporation or a partnership, if the abovementioned applicable level of ownership or control is prohibited in any country where the entity is organized or maintains its headquarters or principal place of business, then the maximum ownership or control level for the entity permitted in that country.

10. Resolution of Protested Solicitations and Proposed Awards.

In accordance with Sections 21.65 through 21.67 of the Procurement Code, if a Vendor intends to protest a solicitation or proposed award of a contract the following shall apply:

(a) Any protest concerning the solicitation's specifications or requirements (or any addendum thereto) must be received by the Director of Purchasing on or before 5:00 p.m. on the fifth (5th) business day after the solicitation or addendum is posted on the EBS.

(b) Any protest concerning a proposed award or ranking must be received by the Director of Purchasing on or before 5:00 p.m. on the fifth (5th) business day after the proposed award or ranking is posted on the Purchasing Division's website.

(c) The protest must be made in writing and must specify the grounds for protest in accordance with Section 21.66 of the Procurement Code.

GENERAL CONDITIONS
Quotation Requests and Invitations to Bid
(No BCF in Solicitation)

(d) A business day is defined as Monday through Friday between 8:30 a.m. and 5:00 p.m., except County holidays; time periods are calculated as stated in Section 21.8(f) of the Procurement Code. Failure to timely file a protest within the timeframes specified constitutes a waiver of the right to protest. Pursuant to Section 21.71 of the Procurement Code, the filing of a protest is a remedy that must be exhausted before filing an appeal or civil action.

(e) As a condition of initiating any protest, the protestor must present the Director of Purchasing with a filing fee. The filing fee is calculated based on the estimated contract amount. For purposes of the protest, the estimated contract amount shall be the contract amount submitted by the protestor. If no contract amount was submitted, the estimated contract amount shall be the County's estimated contract price for the project. The County will accept money order, certified check, or cashier's check, payable to Broward County. The filing fee will be refunded if the protestor prevails in the protest. The filing fees are as follows:

Estimated Contract Amount	Filing Fee
Mandatory Bid Amount up to \$250,000	\$500
\$250,001 - \$500,000	\$1,000
\$500,001 - \$5 million	\$3,000
Over \$5 million	\$5,000

Vendor represents that it has not been placed on the "discriminatory vendor list" as provided in Section 287.134, Florida Statutes, and that it has not been identified as a company or other entity subject to scrutiny under Sections 215.473 and 215.4725, Florida Statutes. Vendor represents that it is, and if awarded the contract will remain for the duration of the contract, in full compliance with Section 286.101, Florida Statutes. Violation of this section shall result in cancellation or termination of Vendor's contract and may result in suspension and/or debarment.

12. Prohibited Telecommunications Equipment.

Vendor and any subcontractor that will have access to personal identifying information shall submit to County executed affidavit(s) under penalty of perjury, in a form approved by the County attesting that the entity does not meet any of the criteria in Section 287.138(2), Florida Statutes. Terms used in this section that are not otherwise defined in this solicitation shall have the meanings ascribed to such terms in Section 287.138, Florida Statutes.

30. Compliance with Laws; Funding Requirements and Code Requirements.

Contractor and the goods and services provided by Contractor pursuant to the contract must comply with all applicable federal, state, and local laws, codes, ordinances, rules, and regulations including, without limitation, Americans with Disabilities Act, 42 U.S.C. § 12101, Section 504 of the Rehabilitation Act of 1973, and any related federal, state, or local laws, rules, and regulations, and all deliverables provided by Contractor to the County for online utilization must meet or exceed the World Wide Web Consortium/Web Content Accessibility Guidelines (WCAG) 2.1 Level AA standard or any higher standard required by applicable law. Contractor and its subcontractors must be familiar and comply with any applicable grant terms and requirements and all federal, state, county, municipal, and local laws, rules, regulations, and codes applicable to performance of the contract. If this contract is funded in whole or part by state, federal, or other grant funding, the terms of that funding agreement and any applicable regulations of the state or federal funding entity are incorporated herein, including any specific provisions required to be set forth in this contract. Contractor must ask for and receive any required inspections relevant to its performance of the contract.

31. E-Verify.

Contractor represents that Contractor and each subcontractor has registered with and uses the E-Verify system maintained by the United States Department of Homeland Security to verify the work authorization status of all newly hired employees in compliance with the requirements of Section 448.095, Florida Statutes, and that entry into the contract will not violate that statute. If Contractor violates this section, County may immediately terminate the contract for cause and Contractor shall be liable for all costs incurred by County due to the termination.

GENERAL CONDITIONS
Quotation Requests and Invitations to Bid
(No BCF in Solicitation)

32. Ownership Disclosure Form.

By January 1 of each year, Contractor must submit, and cause each of its subcontractors to submit, an Ownership Disclosure Form (or such other form or information designated by the County), available at <https://www.broward.org/econdev/Pages/forms.aspx>, identifying the ownership of the entity and indicating whether the entity is majority-owned by persons fitting specified classifications.

33. Restrictions on Use of Certain Plastics and Products on County property.

Contractor shall not sell or provide for use on County property expanded polystyrene products or food service articles (e.g., Styrofoam), unencapsulated expanded polystyrene products, or single-use plastic straws or stirrers, as set forth in more detail in Section 27.172, Broward County Administrative Code.

34. Iron and Steel Products

If this contract is for a “public works project” as defined in Section 255.0993, Florida Statutes, then any iron or steel product permanently incorporated in the project must be produced in the United States, unless specifically exempted in writing by the Contract Administrator in accordance with Section 255.0993, Florida Statutes.

35. Anti-Human Trafficking

Contractor hereby attests that Contractor does not use coercion for labor or services, as such terms are defined in Section 787.06, Florida Statutes; under penalties of perjury, an authorized representative of Contractor declares that they have read the foregoing statement and that the facts stated in it are true.

36. Amendments; Severability.

All changes to purchase orders shall be by issuance of a change order or amended purchase order by the County. Any modification or change to the contract must be by written amendment signed by Contractor and the County. If any part of the contract is found to be unenforceable by any court of competent jurisdiction, that part shall be deemed severed from the contract and the balance of the contract shall remain in full force and effect.

D. CONSTRUCTION PROVISIONS

1. Applicability; Order of Precedence.

This Section D applies only to contracts for construction or construction services, including labor, services, and materials provided in connection with the construction, alteration, repair, demolition, reconstruction, or any other improvements to real property, and, if so applicable, prevails in the event of any conflict with any other provision of these General Conditions, the solicitation, or the applicable Ordering Documents.

2. Ordering Documents; Change Orders; Change in Time or Price.

The County shall issue orders for work under this contract through written purchase orders, work orders, field orders, change orders, or any other County-executed ordering document, which

GENERAL CONDITIONS
Quotation Requests and Invitations to Bid

shall incorporate the applicable scope of work, specifications, quotation, or other description of the required work (collectively, "Ordering Documents"). Any extra or additional work must be approved by means of a written field order, change order, or other Ordering Documents issued by the County. The Contract Administrator may issue written field orders setting forth minor changes in the work provided there is no increase in the time to complete the work under the applicable Ordering Documents ("contract time") or the amount due to Contractor for all work under that Ordering Documents ("contract price"). Any change in the work that increases contract time or contract price must be approved through a written change order or amended Ordering Documents issued by the County. Under circumstances determined necessary by the County, change orders may be issued unilaterally by the County. Any claim by Contractor for an increase in the contract time or the contract price must be made by written notice to the Contract Administrator within five (5) days after the commencement of the event giving rise to the claim (or, if later, Contractor's first knowledge of the claim), and must state the details of the claim, the nature and cause of the claim, and the proposed effect on contract time and contract price. Within twenty (20) days after the termination of the event giving rise to the claim or by such other time as the parties may agree in writing, Contractor must submit written documentation to the County that includes a written notarized certification that the adjustment claimed is the entire adjustment to which Contractor has reason to believe it is entitled as a result of the event at issue. If the parties cannot resolve a claim for changes in contract time or contract price within twenty (20) days after receipt by the County, then the parties shall be deemed to have reached impasse for purposes of dispute resolution (Section D.15 herein). IT IS EXPRESSLY AND SPECIFICALLY AGREED THAT ANY AND ALL CLAIMS FOR INCREASES TO CONTRACT TIME OR CONTRACT PRICE ARE WAIVED IF NOT SUBMITTED IN STRICT ACCORDANCE WITH THE REQUIREMENTS OF THIS SECTION.

If County receives from Contractor a change order proposal for construction services requested in writing by County, and the change order proposal conforms to all statutory requirements and all requirements set forth herein, County shall approve or deny the change order proposal and send written notice of that decision to Contractor within 35 days after receipt of such change order proposal. If County denies a change order proposal due to deficiencies in the change order proposal, County shall identify the change order proposal's deficiencies and identify the actions necessary to remedy those deficiencies. In addition to any other bases to not issue a change order provided for herein, County may deny a change order proposal if and to the extent the Contract Administrator determines procuring the additional or changed work is not in the best interests of the County.

3. No Prohibited Local Government Programs.

If the construction services that are the subject of this solicitation will be paid for with any state-appropriated funds from the State of Florida, then (a) this solicitation is subject to Section 255.0991(2), Florida Statutes; (b) Section B.18 of these General Conditions does not apply to this solicitation; and (c) the Broward County Business Opportunity Act (Section 1-81, et seq., Broward County Code of Ordinances) and any other requirement or preference that would be prohibited

under Section 255.0991(2) are not applicable to this solicitation and the resulting contract. If the construction services that are the subject of this solicitation are a public works project and will be paid for with any state-appropriated funds from the State of Florida or any local funds (other than transportation surtax funding), then (a) this solicitation is subject to Section 255.0992, Florida Statutes; and (b) the following provisions and programs do not apply to this solicitation and the resulting contract: (i) the Living Wage Ordinance (Section 26-100, et seq., Broward County Code of Ordinances); (ii) the Broward County Prevailing Wage Ordinance (Section 26-5, et seq., Broward County Code of Ordinances); (iii) the Broward County Domestic Partnership Act of 1999 (Section 16½-150, et seq., Broward County Code of Ordinances); (iv) the Broward County Workforce Investment Program (Section 19.211, Broward County Administrative Code); (v) the Construction Apprenticeship Program (Section 26-8, et seq., Broward County Code of Ordinances); (vi) the Broward County Business Opportunity Act (Section 1-81, et seq., Broward County Code of Ordinances) (unless the public works project is funded solely by the County); (vii) the Local Business Tax Receipt; and (viii) any other provision or program that is prohibited under Section 255.0992 or applicable law.

4. Performance and Payment Bonds.

Except as stated herein, Contractor must comply with the provisions stated in the document titled, "Bid Bonds, Performance and Payment Bonds, and Surety Qualification Requirements" included in the solicitation. Contractor must submit the performance and payment bonds to County within ten (10) days after notification of award. The Purchasing Director may, in their sole discretion, waive in writing the requirements for performance and payment bonds for any individual project to the extent permitted by Section 255.05, Florida Statutes. Additionally, the Purchasing Director may, in their sole discretion, approve reduction in bond amounts to the extent the performance and payment bonds amounts exceed the total of all open Ordering Documents and the aggregate value of work performed within the immediately preceding one-year period.

5. Permits, License, and Impact Fees.

Contractor must secure and pay for all necessary permits and licenses required for the work as may be required by applicable law. Contractor shall be reimbursed by the County only the actual amount of the permit fees levied by the permitting authority and actually paid by the Contractor, as evidenced by an invoice or other acceptable documentation issued by the permitting authority. Reimbursement to Contractor shall be on a pass-through basis and shall not include profit or overhead. The County shall directly pay for all impact fees levied by any municipal governmental entity within the jurisdiction where work is performed. To the extent that any work is bid on a final fixed price basis, the parties shall agree upon the required permits and fees, including the cost of all such fees, at least ten (10) days prior to the submission of the final fixed price, in compliance with Section 218.80, Florida Statutes.

(No BCF in Solicitation)

6. Applications for Payment.

Notwithstanding any provision in Section C.3 herein, Contractor may make applications for payment (each, an "Application for Payment") at intervals of not more than once a month for completed work. Applications for Payment must include: a breakdown of the work components and quantities; an updated progress schedule; the amount of payment sought; a completed Certification of Payments to Subcontractors (if applicable) (Form 007500-9); a release of liens and claims relative to work that was the subject of any previous Applications for Payment or consent of surety relative to the work that is the subject of the Application for Payment; if applicable, a completed Statement of Compliance form (Form 00922 for Prevailing Wage Rate; or Form 007500-8 for Davis-Bacon Act); and any other information or documentation requested by the County. The final Application for Payment must include: a complete release of all claims arising out of the work, or receipts in full in lieu thereof; an affidavit certifying that all suppliers and subcontractors have been paid in full and that all other indebtedness and financial obligations connected with the applicable work have been paid, or, in the alternative, a consent of the surety to final payment on Contractor's behalf; the final corrected as-built drawings; the final bill of materials, if required; and a completed, sworn, and notarized Final List of Noncertified Subcontractors and Suppliers (Form 07600-4), with a list of all noncertified Subcontractors and suppliers used attached thereto.

If the Application for Payment is approved by County as compliant with the contract requirements including this section, payment for portion(s) of the Application for Payment undisputed by the County, less any applicable retainage, shall be made twenty (20) business days after the date on which the Application for Payment is received by the County. Unless otherwise directed by the Contract Administrator, Applications for Payment must be submitted to the Contract Administrator and to the Broward County Accounting Division, Accounts Payable Section. The County may reject any improper Application for Payment within twenty (20) business days after receipt. If Contractor corrects each deficiency in the Application for Payment, the corrected Application for Payment must be paid or rejected within ten (10) business days after receipt by the County. Any dispute between the County and Contractor regarding an Application for Payment shall be communicated in writing and resolved in accordance with the Prompt Payment Ordinance (Section 1-51.6 of the Code), subject to the process and time frames for payment set forth above.

A Final Certificate of Payment (Form 007600-2) will be issued if the County determines that the work is satisfactory and complete, that all requirements of the Ordering Documents are fully satisfied, that all conditions of any applicable permits and the regulatory agencies have been met, and that the final Application for Payment includes all the required documents and information. Upon receipt of final payment, Contractor shall immediately deliver to the County a completed Form of Final Receipt (Form 007600-3).

GENERAL CONDITIONS

(No BCF in Solicitation)

7. Retainage.

Prior to issuance of the punch list (as described in Section D.8 below), the County may withhold retainage as set forth in Section 255.078, Florida Statutes, as amended. Any reduction in retainage below the maximum amount set forth in Section 255.078, Florida Statutes, shall be at the sole discretion of the Contract Administrator. Upon Contractor achieving substantial completion, development of the punch list, and the County's receipt of a contractually compliant Application for Payment, the County shall pay Contractor the remaining balance due under the applicable Ordering Documents, including remaining retainage, less an amount equal to 150% of the total cost to complete all items on the punch list. Upon final completion of all items on the punch list in conformance with the Ordering Documents, Contractor may submit a final Application for Payment for the amount withheld by the County relating to the punch list. The County may withhold payment, at any time, in whole or in part, if (a) Contractor breaches the contract or the applicable Ordering Documents, (b) as necessary to protect the County from inadequate or defective work not remedied, and/or (c) if Contractor fails to make payments properly to subcontractors or suppliers. Any interest earned on retainage or withheld payments shall accrue to the benefit of the County.

8. Punch List.

Upon notification by Contractor that work has reached substantial completion and upon inspection by the County and Contractor confirming substantial completion, the parties shall prepare a Certificate of Substantial Completion (Form 007600-1). Within the time specified herein, the parties shall cooperatively prepare a punch list identifying all work yet to be completed, including the estimated cost of each item not yet completed. If the cost of the work is less than \$10,000,000, the punch list shall be developed within thirty (30) days after substantial completion; if the cost of the work is \$10,000,000 or more, the punch list shall be developed within forty-five (45) days after substantial completion. The punch list must be delivered by the County to Contractor within five (5) days after the list is developed and approved by both parties. Upon written notification by Contractor that all work on the punch list has been completed, the parties shall conduct a final inspection of the work and Contractor shall submit a final Application for Payment.

9. Completion of the Work; Liquidated Damages.

Contractor must complete the work within the time (if any) specified in the applicable Ordering Documents (including as amended). If the Ordering Documents include liquidated damages that will be due if Contractor fails to complete the work (or a portion thereof) within the time specified and the applicable work is not completed within the time specified, then Contractor must pay to the County the applicable amount of liquidated damages in accordance with the Ordering Documents. The liquidated damages amounts are not penalties but are amounts fixed and agreed upon between the parties based on the impossibility of precisely ascertaining the amount of damages that will be sustained by the County as a consequence of Contractor's failure to timely complete the work and the parties' mutual desire to obviate any question or dispute concerning the amount of said damages. Unless otherwise stated in the Ordering Documents, the applicable

GENERAL CONDITIONS

(No BCF in Solicitation)

liquidated damages are cumulative and apply separately to each portion of the work for which a deadline and a liquidated damages amount is stated in the Ordering Documents. The County may, but is not obligated to, deduct some or all of any liquidated damages due from monies otherwise due to Contractor under this contract; to the extent not so deducted, Contractor must pay the liquidated amounts within thirty (30) days after demand by the Contract Administrator.

10. No Damages for Delay.

No claim for damages or any other claim, other than for an extension of time, shall be made or asserted against the County by reason of any delays except as provided herein. Contractor shall not be entitled to an increase in the price or payment or compensation for direct, indirect, consequential, impact, or other costs, expenses, or damages, whatever the cause for such delay and regardless of whether or not such delay was reasonable, foreseeable, or avoidable. Contractor shall be entitled only to extensions of the time for performance as the sole and exclusive remedy for such resulting delay; provided, however, that this provision shall not preclude recovery of damages by Contractor for actual delays due solely to fraud, bad faith, or active interference on the part of the County or its agents.

11. Contractor License Number.

The license number of Contractor listed in Contractor's response to the solicitation (or if not so listed, the contractor license number listed on the applicable license of Contractor) is hereby incorporated into these General Conditions in compliance with Section 489.119(5)(b), Florida Statutes.

12. Construction Defects.

ANY CLAIMS FOR CONSTRUCTION DEFECTS ARE SUBJECT TO THE NOTICE AND CURE PROVISIONS OF CHAPTER 558, FLORIDA STATUTES.

13. If State Funded, Preference for State Employment.

If any work is funded in whole or in part by funding from the State of Florida, then pursuant to Section 255.099, Florida Statutes, Contractor must give preference to the employment of state residents in the performance of the work on the project if state residents have substantially equal qualifications to those of nonresidents.

14. Forms.

Referenced forms are available at www.broward.org/Purchasing/Pages/StandardTerms.aspx. Any deviation from the posted forms requires prior written approval from the Contract Administrator.

15. Dispute Resolution.

Any claim or issue disputed by Contractor not resolved by the Contract Administrator must be submitted in writing to the County Administrator within five (5) days after the date of impasse. Within fourteen (14) days after receipt of the Contractor's written notice, the County

GENERAL CONDITIONS
Quotation Requests and Invitations to Bid
(No BCF in Solicitation)

Administrator or the Director of the County department or division at issue ("County Representative") shall issue a written decision on the dispute within fourteen (14) days after receipt of the written notice, or shall identify the specific additional information required to resolve the dispute; if specific additional information is requested, Contractor shall promptly provide the requested information and the County Representative shall issue the written decision within fourteen (14) days after the County's receipt of the requested additional information. If the written decision is unacceptable to either party, the objecting party must notify the other party in writing within ten (10) days after receipt of the written decision stating the basis of the objection and the proposed adjustments to contract time or contract price the objecting party contends is the correct result of the dispute. Within sixty (60) days after final completion of the work required under the applicable Ordering Documents, the parties shall participate in mediation to address all objections to any determinations and to attempt to prevent litigation. Neither party shall commence litigation prior to the expiration of the sixty (60) day mediation period. The mediator shall be mutually agreed upon by the parties. Should any objection not be resolved in mediation, the parties retain all their legal rights and remedies provided under state law. A PARTY SPECIFICALLY WAIVES ALL OF ITS RIGHTS, INCLUDING, BUT NOT LIMITED TO, CLAIMS FOR CONTRACT TIME AND CONTRACT PRICE ADJUSTMENTS AND ALL OTHER RIGHTS AND REMEDIES UNDER STATE LAW, IF SAID PARTY FAILS TO COMPLY IN STRICT ACCORDANCE WITH THE REQUIREMENTS OF THIS SECTION.

During the pendency of any dispute and after a determination thereof, Contractor shall continue the work as directed by the County, including proceeding with any change orders as directed by the County, and the parties shall act in good faith to mitigate any potential damages, including utilization of construction schedule changes and alternative means of construction. In any legal proceeding arising under this contract, Contractor hereby waives any claim or defense based on facts or evidentiary materials of which Contractor had knowledge but did not present for consideration during the resolution of disputes process set forth in this section. This section shall survive any expiration or termination of this contract and shall be binding on the parties throughout the course of any dispute or litigation regarding this contract.

16. Hurricane Precautions.

During such periods of time as are designated by the National Weather Services as being a hurricane watch or warning, Contractor, at no cost to County, shall take all precautions necessary and legally required, including pursuant to Section 489.1132, Florida Statutes, to secure the project site from any damage that may be caused by all threatened storm events, regardless of whether County or consultant has given notice of same. Compliance with any specific hurricane watch or warning precautions will not constitute additional work. Suspension of the work caused by a threatened or actual storm event, regardless of whether County has directed such suspension, will entitle Contractor to additional contract time as non-compensable, excusable delay, and shall not give rise to a claim for compensable delay. When a tower crane or mobile crane is located on the project site, Contractor shall prepare, and maintain at the project site for inspection, a hurricane preparedness plan.

**OFFICE OF ECONOMIC AND SMALL BUSINESS DEVELOPMENT REQUIREMENTS
COUNTY BUSINESS ENTERPRISE (CBE) RESERVE**

- A. In accordance with [Section 1-81.3\(a\) of the Broward County Business Opportunity Act](#), Section 1-81 et seq. of the Broward County Code of Ordinances, (the "Act"), this solicitation is reserved for County Business Enterprise (CBE) firms (CBE Reserve).
- B. CBEs and nonCBEs may respond to the solicitation.
- C. The CBE with the lowest responsive and responsible bid, or with the highest-ranked responsive and responsible proposal, as compared to all other CBEs (the "CBE Presumptive Awardee"), shall be awarded the contract if the CBE Presumptive Awardee meets the following requirements, as applicable:
- (1) Monetary Differential: The total bid or proposal amount of the CBE Presumptive Awardee: (a)(i) does not exceed Three Million Dollars (\$3,000,000) and (ii) does not exceed the total amount of the lowest responsive and responsible bid, or the total amount of the highest-ranked responsive and responsible proposal, as applicable, from a nonCBE by more than ten percent (10%); or (b)(i) exceeds Three Million Dollars (\$3,000,000) and (ii) does not exceed the total amount of the lowest responsive and responsible bid, or the total amount of the highest-ranked responsive and responsible proposal, as applicable, from a nonCBE by more than five percent (5%); and
 - (2) Points Differential: For competitive solicitations in which the proposals are assigned point totals, after deducting the points awarded for price from the total points awarded to each applicable proposal, the total points assigned to the CBE Presumptive Awardee:
 - (a) for Proposals that do not exceed Three Million Dollars (\$3,000,000), are not more than ten percent (10%) less than the total points assigned to the highest-ranked responsive and responsible nonCBE; or
 - (b) for proposals that exceed Three Million Dollars (\$3,000,000), are not more than five percent (5%) less than the total points assigned to the highest-ranked responsive and responsible nonCBE.
- If the CBE Presumptive Awardee does not meet the above requirements, as applicable, then the CBE with the next lowest responsive and responsible bid, or the next highest-ranked responsive and responsible proposal, as compared to all other CBEs, will be deemed the CBE Presumptive Awardee and awarded the contract if the CBE Presumptive Awardee meets the above requirements, as applicable. If no CBE Presumptive Awardee meets the above requirements, as applicable, the award shall be made to the nonCBE that submits the lowest responsive and responsible bid, or the highest-ranked responsive and responsible proposal, provided the Director of Purchasing determines the total amount of the bid or proposal is fair and reasonable, unless (a) the Director of Office of Economic and Small Business Development (OESBD) issues a written determination that re-solicitation with modified specifications is likely to result in one or more bids or proposals from CBEs that would be eligible to receive the contract award; and (b) the Director of Purchasing issues a written determination that the delay occasioned by re-solicitation would not materially harm the County's interests.
- D. If a nonCBE is awarded the contract because no CBE submits a responsive and responsible bid or proposal, or because no CBE meets the applicable requirements stated above, the contract awarded to a nonCBE must include at least a twenty-five percent (25%) CBE goal.
- E. It is the Vendor's responsibility to ensure compliance with the CBE requirements and adhere to solicitation deadlines. The Vendor must contact OESBD to verify current CBE status or to obtain CBE certification.

In the latter scenario, the cumulative participation of the CBE-certified prime Vendor and its CBE-certified sub-vendors must account for at least eighty-five percent (85%) of the overall services. If the prime Vendor intends to subcontract any portion of the Work, the Vendor must complete a Letter of Intent (refer to Section G below).

- G. CBE Program Requirements: Vendor should submit all required forms and information with its solicitation submittal as a matter of responsibility. If the required forms and information are not provided with the Vendor's solicitation submittal, then Vendor must supply the required forms and information no later than three (3) business days after request by OESBD. SECURITY REQUIREMENTS

A. General Security Requirements:

1. All contractor personnel requiring unescorted access to Broward County facilities must obtain a County-issued contractor identification badge ("contractor ID badge"), unless otherwise specifically stated herein. The requirements for contractor personnel in this document are also required of subcontractor personnel, unless otherwise expressly stated herein.
2. The background screening requirements for obtaining a contractor ID badge will depend on the facility to which unescorted access is being requested. Contractors may contact Broward County Security at (954) 357-6000 or FMSecurity@broward.org for the required background screening requirements associated with access to specific facilities.
3. Contractor ID badges must be visible and worn at all times together with the contractor's company/business ID or badge. Requests for contractor ID badges are initially approved by the requesting agency director or designee and then submitted to Facilities Management Division (FMD) Security for final approval.
4. The issuance of a contractor ID badge for unescorted access to General Facilities requires a Level 1 FDLE background check, which can be conducted by the Florida Department of Law Enforcement (FDLE). This Level 1 FDLE background check is the contractor's responsibility and should be included in the bid price. FDLE background checks can be done by the contractor by phone at (850) 410-8109 or online at <https://web.fdle.state.fl.us/search/app/default>
5. Upon completion of the background check, the contractor must attach a copy of the results to the contractor's application for a contractor ID badge. The Project Manager or designee utilizing the service of the contractor will be the "Sponsor" and will either provide the contractor with a Contractor ID Badge Request Form or assist the contractor in completing an online application for the County issued contractor ID badge.
6. Requests for a contractor ID badge requiring an FDLE background check may require lengthy processing and review by the Broward Sheriff's Office (BSO). Contractors must therefore submit the request to Broward County Security at least two (2) weeks prior to the start of service by the contractor. When contractor ID badges are ready, Broward County Security will contact the contractor to arrange pick up. Upon pick up, the applicant must present a valid Florida identification and must be accompanied by their supervisor. Broward County Security will then supply a contractor ID badge valid for the anticipated period within which the work will be performed. The validity period must be clearly stated on the Contractor ID Badge Request Form; however, the period of validity will not exceed one (1) year. Background checks will be required for renewal of contractor ID badges. At the termination of the contract and separation of employee services, the contractor is responsible for the collection and return of all contractor ID badges to the Project Manager and/or to Broward County Security.
7. Compliance with the County's security requirements is part of the overall contract performance evaluation. Final payment will, in part, be contingent on the return of all contractor ID badges issued to contractor personnel.
8. Broward County Security is located at Governmental Center East, 115 South Andrews Avenue, Fort Lauderdale, FL 33301. Telephone (954) 357-6000.

SECURITY REQUIREMENTS

9. All contractor personnel must wear distinctive and neat appearing uniforms with the contractor's company name. Subcontractor personnel must also have Broward County issued contractor IDs and meet the same security requirements and uniform standards as the primary contractor.
10. Contractor personnel will not be allowed unescorted on the job site without a valid contractor ID badge.
11. These General Security Requirements are in addition to any requirements of specific facilities as stated herein. Additional security requirements may also be included in the applicable solicitation or contract or communicated by the Contract Administrator during the contract period.

B. Facilities Critical to Security and Public Safety:

Many Broward County government facilities have areas designated as critical to security and public safety, pursuant to Broward County Code of Ordinances Sections [26-121](#) and [26-122](#), as may be amended. The issuance of a contractor ID badge for unescorted access to facilities critical to security and public safety may entail a comprehensive statewide and national background check. Unescorted access to certain facilities occupied by the Broward Sheriff's Office (BSO) or the State Attorney's Office will require a national fingerprint-based records check per the Criminal Justice Information System (CJIS) policy.

Any contractor personnel found to have a criminal record consisting of felony conviction(s) shall be disqualified from access to the State Attorney's Offices and certain BSO facilities. Any contractor personnel with a record of misdemeanor offense(s) may be granted access if the System Security Officer (CSO), Terminal Access Coordinator (TAC), and FDLE determines that the nature of the offense(s) do not warrant disqualification. Applicants shall also be disqualified on the basis of confirmations that arrest warrants are outstanding for such applicants.

C. Contractor Work Crews:

Background investigations are generally not required for each member of a contractor work crew working on County premises outside a building or structure. Examples are landscape crews and roofers. If it is necessary to enter the building or structure unescorted, these work crew members must obtain a contractor ID badge. If not, work crew members must be escorted at all times by the project manager or other designated escort, and must be under the direct supervision of a foreperson for the contractor. The foreperson must have a contractor ID badge granting access to the applicable building or structure, be aware of the crew members' whereabouts, have completed the appropriate background check for the location and type of work being undertaken, and been issued and is displaying a contractor ID badge.

All members of a night cleaning crew, and all work crew members who will not be escorted when working at a critical County facility, must complete a background investigation appropriate to the requirements of the facility.

D. Other Vendors:

Other vendors, such as delivery personnel and vending machine operators, without a contractor ID badge may obtain a visitor pass for limited, escorted access. Such persons must be escorted by County personnel when accessing and working in designated non-public and employee work areas at both general facilities and facilities critical to security and public safety.

E. Port Everglades Locations:

1. The Port Everglades Department requires persons to present, at port entry, a valid driver license, and valid reason for wishing to be granted Port access in order to obtain a temporary/visitor ID badge. For persons who will visit the Port more than 15 times in a 90-day period, a permanent identification badge must be obtained and paid for by the contractor for all employees, subcontractors, and agents visiting or working

SECURITY REQUIREMENTS

on the Port project. A restricted access badge application process will include fingerprints and a comprehensive background check. Badges must be renewed annually and the fees paid pursuant to Broward County Administrative Code, Section [42.6](#). For further information, please call 954-765-4225.

2. All vehicles that are used regularly on the dock apron must have a Dockside Parking Permit. Only a limited number of permits will be issued per business entity. The fee is \$100.00 per permit/vehicle. Individuals requesting a permit must possess a valid Port-issued Restricted Access Area badge with a "Dock" destination. Requests for Dockside Parking Permits must be submitted in writing, on company letterhead, to the ID Badge Office. Applicants must demonstrate a need for access to the dock apron. Requests shall be investigated, and approved, if appropriate justification is provided. Supporting documentation must be supplied, if requested. Dock permits are not transferable and must be affixed to the lower left corner of the permitted vehicle's windshield. Should the permit holder wish to transfer the permit to another vehicle during the term of issuance, the permit will be removed and exchanged at no charge for a new permit. Only one business entity representative will be permitted on the dock at a time at the vessel location.
3. The Federal Government has instituted requirements for a Transportation Worker Identification Credential (TWIC) for all personnel requiring unescorted access to designated secure areas within Port Everglades. The contractor will be responsible for complying with the applicable TWIC requirements. For further information, please call 1-855-347-8371, or go online to <https://www.tsa.gov/for-industry/twic>.

F. Airport Security Program and Aviation Regulations:

1. Contractors must comply with all security and other applicable requirements of the Federal Aviation Regulations applicable to contractor, including, but not limited to, all regulations of the United States Department of Transportation, the Federal Aviation Administration, and the Transportation Security Administration. Contractor shall comply with County's Airport Security Program and the Air Operations Area ("AOA") Vehicle Access Program, and any amendments thereto, and with such other rules and regulations as may be prescribed by the County, including any regulations pertaining to emergency response training, and shall take such steps as may be necessary or directed by County to ensure that contractor and subcontractor personnel, including, but not limited to, employees, invitees, and guests of contractor and subcontractor (collectively, "Contractor Personnel") observe these requirements. If required by the Aviation Department, contractors shall conduct background checks of Contractor Personnel in accordance with applicable federal regulations. If as a result of any act or omission of contractor, subcontractor, or Contractor Personnel, the County incurs any fine and/or penalty imposed by any governmental agency, including, but not limited to, the United States Department of Transportation, the Federal Aviation Administration, or the Transportation Security Administration, or any expense in enforcing any federal regulations, including, but not limited to, airport security regulations or the rules and regulations of the County, and/or any expense in enforcing the County's Airport Security Program, then contractor shall pay and/or reimburse to the County all such fines, penalties, costs, and expenses, including all costs of administrative proceedings, court costs, and attorneys' fees and all costs incurred by the County in enforcing this provision. Contractors shall rectify any security deficiency or other deficiency as may be determined as such by the County or the United States Department of Transportation, Federal Aviation Administration, the Transportation Security Administration, or any other federal agency with jurisdiction. If a contractor fails to remedy any such deficiency, the County may do so at the sole cost and expense of contractor. The County reserves the right to take whatever action is necessary to rectify any security deficiency or other deficiency.
2. Access to Security Identification Display Areas and Identification Media. Contractors shall be responsible for requesting the Aviation Department to issue Airport Issued Identification Media to all Contractor Personnel including those who are authorized access to Security Identification Display Areas ("SIDA") on

SECURITY REQUIREMENTS

the Airport, as designated in the Airport Security Program. In addition, contractors shall be responsible for the immediate reporting of all lost or stolen Airport Issued Identification Media, the immediate return of the media of Contractor Personnel transferred from the Airport or terminated from the employ of contractor or subcontractor, and the immediate return of all Airport Issued Identification Media issued to all Contractor Personnel upon expiration or termination of contractor's agreement with County. Before an Airport Issued Identification Media is issued to Contractor Personnel, contractors must comply with the requirements of applicable federal regulations with regard to fingerprinting for criminal history record checks and security threat assessments, and must require that each Contractor Personnel complete security training programs conducted by the Aviation Department. Contractors shall pay or cause to be paid to the Aviation Department such charges as may be established from time to time for lost or stolen Airport Issued Identification Media and those not returned to the Aviation Department in accordance with these provisions. The Aviation Department has the right to require contractors to conduct background investigations and to furnish certain data on such Contractor Personnel before the issuance of Airport Issued Identification Media, which data may include the fingerprinting of applicants for such media.

3. Operation of Vehicles on the AOA. Unless escorted by an Aviation Department approved escort, before a contractor permits any Contractor Personnel to operate a motor vehicle of any kind or type on the AOA, the contractor shall ensure that all such vehicle operators possess current, valid, and appropriate Florida driver's licenses. In addition, any motor vehicles and equipment of the contractor or of any subcontractor operating on the AOA must have an appropriate vehicle identification permit issued by the Aviation Department, which identification must be displayed as required by the Aviation Department.
4. Consent to Search/Inspection. Contractor vehicles, cargo, goods, and other personal property are subject to being inspected and searched when attempting to enter or leave and while on the AOA. Contractors and subcontractors shall not allow any Contractor Personnel to enter the AOA unless and until such Contractor Personnel has executed a written consent-to-search/inspection form acceptable to the Aviation Department. The foregoing requirements are for the protection of users of the Airport and are intended to reduce incidents of cargo tampering, aircraft sabotage, thefts and other unlawful activities at the Airport. For this reason, Contractor Personnel who do not execute such consent-to-search/inspection form shall not be employed or retained by contractors or by any subcontractor at the Airport in any position requiring access to the AOA or allowed entry to the AOA by any contractor or subcontractor.
5. Nondisclosure Agreement. If any Contractor Personnel are required by a contract with the County to access or otherwise be in contact with Sensitive Security Information ("SSI"), as defined and construed under federal law, such Contractor Personnel will be required to execute a SSI Nondisclosure Agreement provided by the Aviation Department.

G. Water and Wastewater Services (WWS) Security Requirements:

1. Contractors may receive a WWS ID Badge and/or Access Card and/or Keys while working at WWS facility work sites. These items provide modified access to certain areas and systems otherwise restricted to non-WWS employees and can only be obtained from the WWS Security Manager. These items may be rescinded at the discretion of the WWS Security Officer. The WWS ID Badge, Access Card and/or Keys remain the property of Broward County and must be returned to your WWS contact person at the end of the contract/project.
2. To obtain a WWS ID Badge and/or Access Card and/or Keys, contractor personnel must complete and sign the WWS Contractor/Consultant Security Memorandum and provide a copy of their Driver's License to be recorded on Schlage Card Access System Profile.

SECURITY REQUIREMENTS

3. A lost or stolen WWS ID Badge and/or Access Card and/or Keys must be reported to the WWS Security Manager immediately.
4. WWS may terminate access to any contractor personnel who acts inappropriately while on County property. WWS may also contact law enforcement if necessary, to have the contractor personnel removed and/or file charges against them.

SUMMARY OF VENDOR RIGHTS FOR BROWARD COUNTY COMPETITIVE SOLICITATIONS

The purpose of this document is to provide vendors with a summary of their rights to object to or protest a proposed award or recommended ranking of vendors in connection with Broward County competitive solicitations. These rights are fully set forth in the [Broward County Procurement Code](#).

1. Right to Object

For Requests for Proposals (RFP), Requests for Qualifications (RFQ), or Requests for Letters of Interest (RLI), vendors may object in writing to a proposed recommendation of ranking made by an Evaluation Committee. Objections must be filed within three business days after the proposed recommendation of ranking (if applicable) is posted on the Purchasing Division's website. The written objection must comply with the requirements stated in Section 21.42(h) of the Broward County Procurement Code. Failure to timely and fully meet any requirement will result in the loss of a right to object.

2. Right to Protest

For Invitations to Bid (ITBs), RFPs, RFQs, and RLIs, vendors may protest the specifications or requirements of a solicitation (or of any addenda). Protests must be received in writing by the Director of Purchasing within five business days after the applicable solicitation (or addenda) is posted on the Purchasing Division's website.

For ITBs, vendors may protest a recommendation for award made by the Broward County Purchasing Division. For RFPs, RFQs, and RLIs, vendors may protest a final recommendation of ranking made by an Evaluation Committee. In all cases, protests must be filed in writing within five business days after a recommended ranking or recommendation for award is posted on the Purchasing Division's website.

Any protest must comply with requirements stated in Part X of the Broward County Procurement Code, including a filing fee (if applicable). Failure to timely and fully meet any requirement will result in a loss of protest rights.

Vendors may appeal the denial of a protest. Section 21.81 of the Broward County Procurement Code identifies all other matters that may be appealed. Appeals may require payment of an appeal bond. Appeals must comply with requirements stated in Part XII of the Broward County Procurement Code. Failure to timely and fully meet any requirement will result in a loss of appeal rights.

Cone of Silence:

The County's Cone of Silence Ordinance prohibits all communications, oral or written, relating to a competitive solicitation among vendors/vendor representatives, County Staff, and Commissioner Offices while the cone is in effect. Communications with Purchasing Division employees, the solicitation's designated Project Manager(s) or designee(s), the [Office of Economic and Small Business \(OESBD\)](#) Small Business Development Specialist Supervisor (954-357-6400), and others as specifically identified in the Cone of Silence Ordinance are permitted. Additionally, communication is permitted at pre-bid conferences and negotiation meetings, as applicable.

The Cone of Silence begins upon the advertisement of an ITB, RFP, RFQ, or RLI. The Cone of Silence terminates when the solicitation is awarded, all responses are rejected, or the Broward County Board of County Commissioners takes other action which ends the solicitation, as stated in more detail in the Cone of Silence Ordinance.

Any violations of the Code of Silence Ordinance by any vendor or vendor representative may be reported to the County's Professional Standards/Human Rights Section. If the County's Professional Standards/Human Rights Section determines that a violation has occurred, a fine shall be imposed as provided in the Broward County Code of Ordinances. At the sole discretion of the Broward County Board of County Commissioners, a violation may void an award of the applicable competitive solicitation.

Review the [Cone of Silence Ordinance](#), Section 1-266 of the Broward County Code of Ordinances, for more detailed information.

What is a Brand?

Logos, taglines and ads are all important elements representing and defining a brand. But any one of these elements alone is not the brand.

A “brand” is how our target audience defines us – whether that is in the cruise, engery and cargo industries, our leisure guests, or in our community. It’s what the Port means to the audience and how its viewed in relation to other ports.

Why We Brand

Organizations that define themselves through meticulous branding efforts can better market themselves as a clear alternative to the competition. A strong, distinct brand separates your brand from the din of the marketplace. Successful branding efforts define your organization as unique among its competition and clearly offer why it’s more desirable over the alternatives.

Once determined, the brand becomes part of everything a organization does. It’s reflected in advertising, public relations, its website and social media. But it’s also reflected in what events the organization considers, how its representatives answer the phone, how various partners reflect their role in relation to the brand, how the organization identifies itself in-market and much, much more.

When branding is done correctly, the brand touches and becomes a part of everything the organization says and does.

Brand Name

While research revealed that the name should be geographically specific and not suggest that the Port is located in the Everglades, currently the name will remain Port Everglades. It was felt that the name has a long history under which the port has grown successfully. At some point in the future the name may change to Port Lauderdale.

Brand Definition

The cargo and cruise industries, which are the advertising audiences, are vastly different in how they see the Port, utilize the Port and in what they want from the Port. So, there is discrete messaging specific to these two audiences, but a common presentation for both through unifying elements such as the name, logo, color, design presentation and more.

Positioning Statement

Port Everglades is a global leader in cruise, cargo and energy. Its superior location, diversity, facility, infrastructure and customer service and its commitment to sustainability ensure success for its business partners and the local community.

Logos

The logo mark of the Port is the key brand element in all communications. It consists of the following:

Icon: A stylized trident rises up through a series of waves, its three points breaking through the surface, all of which is enclosed within a circle. The trident symbol speaks to the Port's three main business sectors: Cruise, cargo and energy; and its three core values of strength, resilience and sustainability.

Name: Port Everglades (set in all caps) in the Neutra Text TF Demi Alt font.

Location identifier: Consists of one line, set in all caps – Broward County • Florida – in the Neutra Text TF Demi Alt font

The primary or preferred logo lockup has the icon on the left with the Name to the right (left-aligned text), and the Location Identifier beneath the Name (right-aligned text).

An alternative configuration of the port logo has been created for instances where horizontal space is limited or legibility of the logo may not be as desired. In these applications, the stacked version of the logo, as shown here, is acceptable. All other logo use and guidelines still apply. Do not move, enlarge or shrink the icon as it will cause an imbalance.

Option 1: For a white background and when more appealing.

Option 2: For a color background and when more appealing.

Logos

Variations

Variations of the Port Everglades logo are available to meet a multitude of publishing parameters and uses. The full color Primary logo should always be the go-to logo, either Option 1 or 2 depending on the background color.

When there is only a one-color option on a white or light background, use the Seaport Blue versions. For a one-color option on a dark background, use the Reversed or white versions.

Minimum Sizes & Clearance

To maintain legibility, all logos should be at least the minimum sizes outlined on the right. Using the icon as a guide for spacing around the logo, the amount of clearance should be equal to half the width of the icon circle on all sides.

Do not move, enlarge or shrink the icon as it will cause an imbalance.

Seaport Blue

Reversed

Primary: Minimum 1.25" (90 px) wide

Stacked: Minimum 1" (72 px) wide

Logos

**INSURANCE REQUIREMENTS
QUOTATION REQUEST AND INVITATION TO BID**

(Refer to the Minimum Insurance Requirements Form)

- A. The insurance requirements designated in the Minimum Insurance Requirements Form indicate the minimum coverage required for the scope of work, as determined by the County's Risk Management Division. The Vendor must provide verification of compliance such as a Certificate of Insurance, or a letter of verification from the Vendor's insurance agent/broker that states the ability of the Vendor to meet the requirements upon award/recommendation of award.
- B. If not provided with the solicitation response, the Vendor must submit within three business days after the County's written request. Failure to submit within the stated timeframe shall determine the Vendor to be nonresponsive to the Insurance Requirements. Final award shall be subject to receipt and acceptance by the County of proof of meeting all solicitation insurance requirements. A party may be debarred for failure of a vendor awarded a contract to provide the required insurance within ten (10) days after demand therefor by the Purchasing Division.
- C. Without limiting any of the other obligations or liabilities of the Vendor, the Vendor must provide, pay for, and maintain on a primary basis in force until all of its work to be performed under this Contract has been completed and accepted by County (or for such duration specified), at least the minimum insurance coverage and limits set forth in the Insurance Requirements Form under the conditions listed below. If a limit or policy is not indicated on the Insurance Requirements Form by a checked box, it is not required as a condition of this contract. All required insurance policies must be placed with insurers or surplus line carriers authorized to conduct business in the State of Florida with an A.M. Best rating of A- or better and a financial size category class VII or greater, unless otherwise approved by County's Risk Management Division in writing.
1. Commercial General Liability with minimum limits per occurrence, combined single limit for bodily injury and property damage, and when indicated a minimum limit per aggregate. County must be expressly named as an Additional Insured in the name of Broward County for claims arising out of operations performed for the County, by or on behalf of the Vendor, or acts or omissions of the Vendor in connection with general supervision of such operation. If the Vendor uses a subcontractor, then the Vendor shall require that subcontractor to name Broward County as an Additional Insured.
 2. Business Automobile Liability with minimum limits per occurrence, combined single limit for bodily injury and property damage. Scheduled autos must be listed on Vendor's certificate of insurance.

Note: Insurance requirements for Automobile Liability are not applicable where delivery will be made by a third-party carrier. All vendors that will be making deliveries in their own vehicles are required to provide proof of insurance for Automobile Liability and other pertinent coverages as indicated on the Insurance Requirements Form, prior to award. If deliveries are being made by a third-party carrier, other pertinent coverages listed on the Insurance Requirements Form are still required.

**INSURANCE REQUIREMENTS
QUOTATION REQUEST AND INVITATION TO BID**

3. Workers' Compensation insurance for all employees in compliance with Chapter 440, Florida Statutes, and all applicable federal law. The policy must include Employers' Liability with minimum limits for each accident. If any operations are to be undertaken on or about navigable waters, coverage must be included for the U.S. Longshoremen & Harbor Workers Act and Jones Act.
4. Excess Liability/Umbrella Insurance may be used to satisfy the minimum liability limits required; however, the annual aggregate limit shall not be less than the highest "each occurrence" limit for the underlying liability policy. The Vendor must endorse the County as an Additional Insured unless the policy provides coverage on a pure/true "Follow-form" basis.
5. Builder's Risk or equivalent coverage (such as Property Insurance or Installation Floater) is required as a condition precedent to the issuance of the Second Notice to Proceed for projects involving but not limited to: changes to a building's structural elements, work conducted to the exterior of the building for any extended period of time, installation of a large single component, or remodeling where the cost of remodeling is 20% or more of the value of the property. Coverage must be "All Risks" Completed Value form with a deductible not to exceed ten thousand dollars (\$10,000) each claim for all perils except for wind and flood.
6. For the peril of wind, the Vendor must maintain a deductible that is commercially feasible and that does not exceed five percent (5%) of the value of the Contract price. Such Policy must name Broward County as an additional loss payee.
7. For the peril of flood, coverage must be afforded for the lesser of the total insurable value of such buildings or structures, and the maximum amount of flood insurance coverage available under the National Flood Program. The Vendor must maintain a deductible that is commercially feasible and that does not exceed five percent (5%) of the value of the Contract price. Such Policy must name Broward County as an additional loss payee.
8. The County reserves the right to provide Property Insurance covering the Project, materials, equipment, and supplies intended for specific installation in the Project while such materials, equipment, and supplies are located at the Project site, in transit, or while temporarily located away from the Project site. This coverage will not cover any of the Vendor's or subcontractors' tools, equipment, machinery, or supplies, or provide any business interruption or time element coverage to the Vendor(s).
9. If the County decides to purchase Property Insurance or provide for coverage under its existing insurance policy for this Project, then the insurance required to be carried by the Vendor may be modified to account for the insurance being provided by the County. Such modification may also include execution of Waiver of Subrogation documentation.
10. If a claim occurs for this Project and is made upon the County's insurance policy, other than for a windstorm, the Vendor will pay at least ten thousand dollars (\$10,000) of the deductible amount for such claim.
11. Waiver of Occupancy Clause or Warranty: Policy must be specifically endorsed to eliminate any "Occupancy Clause" or similar warranty or representation that the building (s), addition(s) or structure(s) in the course of construction shall not be occupied without specific endorsement of the policy. The Policy must be endorsed to provide that the Builder's Risk coverage will continue to apply until final acceptance by County.

INSURANCE REQUIREMENTS
QUOTATION REQUEST AND INVITATION TO BID

12. Pollution Liability or Environmental Impairment Liability: including clean-up costs, with minimum limits per claim, subject to a maximum deductible per claim. Such policy must remain in force for the minimum length of time indicated, include an annual policy aggregate, and name Broward County as an Additional Insured. The Vendor shall be responsible for all deductibles in the event of a claim.
 13. Professional Liability Insurance with minimum limits for each claim, subject to a maximum deductible per claim. Such policy shall remain in force for the minimum length of time indicated. The Vendor shall notify County in writing within thirty (30) days after any claim is filed or made against its Professional Liability Insurance policy. The Vendor shall be responsible for all deductibles in the event of a claim. The deductible shall be indicated on the Vendor's Certificate of Insurance.
- D. Coverage must be afforded on a form no more restrictive than the latest edition of the respective policy form as filed by the Insurance Services Office. If the initial insurance expires prior to the completion and acceptance of the work, renewal certificates shall be furnished upon expiration. County reserves the right to obtain a certified copy of any insurance policy required of the Vendor within fifteen (15) calendar days after a written request by County.
 - E. Unless prohibited by the applicable policy, Vendor waives any right to subrogation that any of Vendor's insurer may acquire against County and agrees to obtain same in an endorsement of Vendor's insurance policies.
 - F. Notice of Cancellation and/or Restriction: the policy(ies) must be endorsed to provide Broward County with at least thirty (30) days' notice of cancellation and/or restriction, and at least ten (10) days' notice of any cancellation due to nonpayment.
 - G. The official title of the Certificate Holder is Broward County. This official title shall be used in all insurance documents required to comply with this contract (certificates and endorsements being provided to the County for review and approval).
 - H. Broward County's Risk Management Division reserves the right, but not the obligation, to review and revise any insurance requirements at the time of contract renewal and/or any amendments, not limited to deductibles, limits, coverages and endorsements based on: insurance market conditions affecting the availability or affordability of coverage; or changes in the scope of work/specifications affecting the applicability of coverage.

If the County requires delivery within a shorter period than the delivery time specified in the solicitation (if any), and if the Vendor is unable to deliver by that time at the contracted price, the County may obtain such delivery from other sources, without penalty or prejudice to the County, and such shall not be a violation of the contract.

SPECIAL INSTRUCTIONS TO VENDORS
QUOTATION REQUEST OR INVITATION TO BID

E. Specifications and Requirements

The **Specifications and Requirements** included apply to this solicitation. If the Specifications and Requirements reference a third party (i.e., manufacturer, applicator, subcontractor, etc.), the reference is to be construed as the Vendor through the third party.

The product offered by the Vendor must, on an overall basis, be equal or greater in quality or performance than the Specifications and Requirements. Broward County shall be the sole judge of what constitutes equal or greater in quality or performance. Submittals that do not comply with Specifications and Requirements are subject to rejection.

The Vendor should submit with their response photographs, drawings, current manufacturer's catalogues, or product literature on the items offered. If not submitted with their response, this information must be submitted within three calendar days after request by Broward County Purchasing Division. Literature should be clearly marked as to each item number. The Vendor's failure to submit the requested literature and/or catalogues may result in their bid being declared nonresponsive.

SPECIAL INSTRUCTIONS TO VENDORS
QUOTATION REQUEST OR INVITATION TO BID

K. Price Adjustment/Escalation

No price increases will be allowed during the initial contract period. For any renewal term, the Vendor may request a price increase in accordance with the Price Escalation Procedure below.

Price Escalation Procedure:

To seek a price increase, a Vendor must submit a written request to the County at least ninety (90) days prior to the renewal term. The Vendor must supply documentation to substantiate the requested increase. The request must include the proposed amount and effective date of the increase.

The Director of Purchasing may refuse to grant the requested price increase as not properly documented or excessive. If the Director of Purchasing refuses the requested price increase and the matter cannot be resolved to the satisfaction of the County, the Vendor shall continue to perform under the contract at the existing contracted price(s) to the end of the then current term, including completing delivery on any orders placed with the Vendor prior to the end of the then current term. Failure to complete delivery shall be grounds for cause the Contractor to be suspended and/or debarred from doing business with the County pursuant to the Broward County Procurement Code Section 21.73, Authority to Debar or Suspend.

If the Director of Purchasing approves a price increase, the increase shall be no greater than (unless specifically approved otherwise by the Director of Purchasing), the difference of Consumer Price Index (CPI) or Producer Price Index (PPI) of the current period less CPI/PPI previous period, divided by CPI/PPI previous period, times 100 (only one index may be used in formula calculation). The CPI/PPI current period shall mean the most recent month for the contract period index prior to Vendor's written request. The CPI/PPI previous period shall mean for the same month of the prior year. All indices shall be obtained from the U.S. Department of Labor Statistics. For example: Consumer Price Index - All Urban Consumers (Series ID CUURA320SA0) for the area of Miami-Fort Lauderdale, FL (All Items), with a base period of 2020-22 = 100, and not seasonally adjusted.

The Purchasing Division will notify the using agencies and the Vendor in writing of the effective date of any approved price increase. If a request for price increase is approved, the new price(s) will apply only to the orders placed after the later of the date of the County's approval or the effective date proposed in the Vendor's request for a price increase; orders placed earlier will be invoiced at the unit price in effect at the time the order was placed.

Price De-Escalation:

If a supplier issues revisions, supplements, or replacements to the product lists, catalogs and/or price lists previously submitted to the County, any one of which reflects a decrease in the unit price of an item covered by the contract, the Vendor must notify the County of the price decrease within thirty (30) days of the notification from the supplier to the Vendor of the price decrease.

When the County receives notice of a price decrease of an item, the County may request the same reduction in price from the Vendor. The County shall make such request in writing. If agreed to by the Vendor, the decrease shall go into effect on the same day that the supplier of the item provides the decrease to the Vendor.

**SPECIAL INSTRUCTIONS TO VENDORS
QUOTATION REQUEST OR INVITATION TO BID**

If the Vendor does not agree to the requested decrease, the Vendor must notify the County in writing no later than ten (10) business days after the County's request. If the Vendor fails to timely notify the County of its nonacceptance, then the Vendor shall be deemed to have approved the price decrease. SUBJECT: Bid No. OPN2130891B1 – Uniforms (2025)
County Business Enterprise (CBE) Bid Evaluation

The Office of Economic and Small Business Development (OESBD) conducted a review of the respondents' compliance with the CBE Program requirements for the above referenced solicitation. An overview is provided as follows:

This solicitation is a Reserved Opportunity for CBE firms.

The following **CBE-certified** firms met the CBE Reserve requirements and submitted Letters of Intent (LOIs) that reflect at least 85% CBE Participation:

<u>Firm Name</u>	<u>Category</u>	<u>Percentage</u>
EarlyRiders LLC, DBA Makaya Creation (Prime)	CBE	100.00%
Ferrer & Perez International Corporation DBA Ella's Uniform (Prime)	CBE	100.00%
Global Trading, Inc. (Prime)	CBE	100.00%
The Player's Connection of Florida, LLC (Prime)	CBE	100.00%
Sharp Marketing LLC (Prime)	CBE	100.00%

Pursuant to Section 1-81.3(f) of the Broward County Business Opportunity Act (the Act) as amended, when a CBE reserve is established in connection with a County solicitation, CBEs and non-CBEs may respond to the solicitation. If a CBE with capacity to perform the work submits a responsive and responsible bid or proposal, the work will be awarded to the CBE that submits the lowest responsive and responsible bid or the highest-ranked responsive and responsible proposal. If no CBE firm with capacity to perform the work submits a responsive and responsible bid, a non-CBE with the lowest responsive responsible bid or the highest-ranked responsive and responsible proposal, as applicable may be awarded the contract with at least a twenty-five percent (25%) CBE goal (unless the CBE goal is waived or otherwise modified by Board action), or the county may reject all bids and responses submitted.

The following **non-CBE certified** firms **did not** submit LOIs that meet at least 25% CBE participation and did not meet the CBE Reserve requirements:

<u>Firm Name</u>	<u>Category</u>	<u>Percentage</u>

Compliance Comments for CBE Reserve Requirement:

EarlyRiders LLC DBA Makaya Creation, a CBE-certified firm, submitted LOIs with its bid response that meets at least 85% CBE participation and is compliant with the CBE Reserve requirements of the solicitation.

Ferrer & Perez International Corporation DBA Ella's Uniform, Global Trading Inc., The Player's Connection of Florida LLC, and Sharp Marketing LLC did not submit an LOI with their respective bid responses. The four CBE-certified firms were given three (3) business days to provide LOIs that meet the CBE Reserve requirement, which for CBE Primes means at least 85% CBE

participation. They all responded within the three-day period and submitted LOIs reflecting that they would each self-perform 100% of the required services. **Ferrer & Perez International Corporation DBA Ella's Uniform, Global Trading Inc., The Player's Connection of Florida LLC, and Sharp Marketing LLC** are compliant with the CBE Reserve requirements of the solicitation.

Compliance Comments for Firms not meeting 25% Goal Requirement (for non-CBE Respondents):

FLA Gun Center of Broward, Mini Wing USA, and Seaside Companies LLC, the three (3) non-CBE firms submitted LOIs indicating they would self-perform 100% CBE participation. They were given three (3) business days to submit LOIs, executed with CBE firms reflecting at least 25% CBE participation or provide documentation of their good faith efforts to meet the 25% goal. None of the firms responded within the stipulated timeframe or with any additional documentation. **FLA Gun Center of Broward, Mini Wing USA, and Seaside Companies LLC** are, therefore, not compliant with the CBE Reserve requirements of the solicitation.

Adamant Pro Inc. DBA Needlestitch, a non-CBE firm, submitted an LOI to use JAFE Contracting Company, a CBE firm, to perform 27.67% of the overall scope. **Adamant Pro Inc. DBA Needlestitch** indicated that the CBE would be used to perform services under NAICS code 314999 for embroidery. However, JAFE Contracting Company's CBE certification reflects NAICS code 238210 for Electrical Contractors and Other Wiring Installation Contractors. No other NAICS code is listed in the directory for this firm under their CBE certification. Therefore, JAFE Contracting Company cannot be used to meet the CBE goal. **Adamant Pro Inc. DBA Needlestitch** was given three (3) business days to submit an executed LOI with CBE firms reflecting at least 25% CBE participation or provide documentation of its good faith efforts to meet the 25% goal. **Adamant Pro Inc. DBA Needlestitch** did not provide any additional information within the requested timeframe and is, therefore, not compliant with the CBE Reserve requirements of the solicitation.

Corporate Images Inc DBA SOFLO Promo submitted an LOI with its solicitation response and proposed to use Taylor Boat Sales DBA Fully Promoted to perform 50% of the work. Taylor Boat Sales DBA Fully Promoted is not CBE certified. **Corporate Images Inc DBA SOFLO Promo** was given three (3) business days to submit an executed LOI with CBE firms reflecting at least 25% CBE participation or provide documentation of its good faith efforts to meet the 25% goal. **Corporate Images Inc DBA SOFLO Promo** did not respond within the stipulated timeframe or provide the requested documentation and is, therefore, not in compliance with the CBE Reserve requirements of the solicitation.

Standard Textile Co. Inc., Sunshine Protection LLC and UniFirst Corporation did not submit LOIs with their respective solicitation responses. Each firm was given three (3) business days to submit an executed LOI with CBE firms reflecting at least 25% CBE participation or provide documentation of their good faith efforts to meet the 25% goal. The firms did not provide any additional information within the requested timeframe. **Standard Textile Co. Inc., Sunshine Protection LLC and UniFirst Corporation** are, therefore, not in compliance with the CBE Reserve requirements of the solicitation.

Pursuant to Section 1-81.3(f) of the Broward County Business Opportunity Act (the "Act") on solicitations Involving reserves, "When a CBE reserve is established in connection with a County solicitation, CBEs and nonCBEs may respond to the solicitation. If a CBE with capacity to perform the work submits a responsive and responsible Bid or Proposal, the work will be awarded to the

CBE that submits the lowest responsive and responsible Bid, or the highest- ranked responsive and responsible Proposal, subject to the conditions stated below (and consistent with all applicable terms and conditions of the County's Procurement Code and subject to entering into an agreement acceptable to the County).

The CBE with the lowest responsive and responsible Bid, or with the highest-ranked responsive and responsible proposal, as compared to all other CBEs (the "CBE Presumptive awardee"), shall be awarded the contract if the CBE Presumptive Awardee meets the following requirements, as applicable.

(1) Monetary Differential: The total Bid or Proposal amount of the CBE Presumptive Awardee: (a)(i) does not exceed Three Million Dollars (\$3,000,000) and (ii) does not exceed the total amount of the lowest responsive and responsible Bid, or the total amount of the highest-ranked responsive and responsible Proposal, as applicable, from a nonCBE by more than ten percent (10%); or (b)(i) exceeds Three Million Dollars (\$3,000,000) and (ii) does not exceed the total amount of the lowest responsive and responsible Bid, or the total amount of the highest-ranked responsive and responsible Proposal, as applicable, from a nonCBE by more than five percent (5%); and

(2) Points Differential: For competitive solicitations in which the Proposals are assigned point totals, after deducting the points awarded for price from the total points awarded to each applicable Proposal, the total points assigned to the CBE Presumptive Awardee: (a) for Proposals that do not exceed Three Million Dollars (\$3,000,000), are not more than ten percent (10%) less than the total points assigned to the highest-ranked responsive and responsible nonCBE; or (b) for Proposals that exceed Three Million Dollars (\$3,000,000), are not more than five percent (5%) less than the total points assigned to the highest-ranked responsive and responsible nonCBE.

If the CBE Presumptive Awardee does not meet the above requirements, as applicable, then the CBE with the next lowest responsive and responsible Bid, or the next highest-ranked responsive and responsible Proposal, as compared to all other CBEs, will be deemed the CBE Presumptive Awardee, and awarded the contract if the CBE Presumptive Awardee meets the above requirements, as applicable.

If no CBE Presumptive Awardee meets the above requirements, as applicable, the award shall be made to the non-CBE that submits the lowest responsive and responsible Bid, or the highest-ranked responsive and responsible Proposal, provided the Director of Purchasing determines the total amount of the Bid or Proposal is fair and reasonable, unless (a) the Director of OESBD issues a written determination that resolicitation with modified specifications is likely to result in one or more Bids or Proposals from CBEs that would be eligible to receive the contract award; and (b) the Director of Purchasing issues a written determination that the delay occasioned by resolicitation would not materially harm the County's interests.

If a non-CBE is awarded the contract because no CBE with capacity to perform the work submits a responsive and responsible Bid or Proposal, or because no CBE meets the applicable requirements stated above, any contract awarded to a nonCBE must include at least a twenty-five percent (25%) CBE goal (unless the CBE goal is waived or otherwise modified by Board action).

FROM: Michal Durden Contract/Grant Administrator, Senior, Operations Division

SUBJECT: Memorandum of Justification – Solicitation No. OPN2130891B1, Uniforms, Group 2, Operations Division – Recommendation for Award to The Player's Connection of Florida, LLC

This memo serves to document Purchasing's review of The Player's Connection of Florida, LLC in connection with the Uniforms solicitation and to request the Aviation Department's (BCAD) concurrence regarding the supporting reference documentation and corrective action measures.

As part of the User Concurrence requirements, BCAD reviewed the vendor's performance under prior County contracts. The Player's Connection of Florida, LLC received evaluation scores below 2.59, which triggers the requirement for additional justification and written explanation in the User Concurrence form. The vendor has provided a detailed response outlining the corrective actions they have implemented to address issues identified in their past performance evaluations.

These actions include improved order confirmation procedures, earlier identification of back-order conditions, proactive communication with end users, and establishment of formal tracking and follow-up processes. BCAD has reviewed these measures and finds them reasonable and indicative of corrective intent.

As part of the contract performance review, the Aviation Operations Division issued the following scores for The Player's Connection of Florida, LLC previous Uniform Contracts:

1. Quantity Score: 1.75

Issues included after-deadline notifications of item unavailability, back orders without delivery dates, partial shipments, and unfulfilled orders.

Corrective Action: The Player's Connection of Florida, LLC has established a structured order acknowledgment process, requiring confirmation emails within 72 hours of purchase order receipt. Product availability is verified immediately upon entry into the manufacturer's system, and any back-ordered or unavailable items trigger proactive notification to the end user with timelines and alternatives.

Memorandum of Justification
March 13, 2026
Page 2

2. Delivery Score: 2.75

Findings included mis-delivery to other agencies, shipment errors involving out-of-state entities, incomplete orders incorrectly marked as complete, and unannounced hand-delivery of outstanding items.

Corrective Action: The Player's Connection of Florida, LLC has implemented a formal back-order tracking system with assigned estimated delivery dates and scheduled customer status updates. This system is designed to eliminate mis-deliveries, ensure accurate order completion, and improve delivery communication.

3. Customer Service Score: 2.14

Issues cited included slow or absent communication, limited proactive updates, and insufficient information on substitutions.

Corrective Action: The Player's Connection of Florida, LLC has discontinued the practice of sending partial shipments without customer authorization. Orders are now held until complete unless written approval is provided. They have also committed to consistent, proactive communication from production through fulfillment.

Although the vendor's overall scores fell below the 2.59 threshold, the User Concurrence form allows for additional justification when adequate corrective measures have been taken. Based on the written explanations provided by The Player's Connection of Florida, LLC, BCAD finds that the vendor has clearly identified the causes of past performance issues and has implemented concrete procedural changes intended to prevent recurrence.

If you have any other questions, please feel free to contact me at 954-359-7272.

SUBJECT: Bid No. OPN2130891B1 – Uniforms (2025)
County Business Enterprise (CBE) Bid Evaluation

The Office of Economic and Small Business Development (OESBD) conducted a review of the respondents' compliance with the CBE Program requirements for the above referenced solicitation. An overview is provided as follows:

This solicitation is a Reserved Opportunity for CBE firms.

The following **CBE-certified** firms met the CBE Reserve requirements and submitted Letters of Intent (LOIs) that reflect at least 85% CBE Participation:

<u>Firm Name</u>	<u>Category</u>	<u>Percentage</u>
EarlyRiders LLC, DBA Makaya Creation (Prime)	CBE	100.00%
Ferrer & Perez International Corporation DBA Ella's Uniform (Prime)	CBE	100.00%
Global Trading, Inc. (Prime)	CBE	100.00%
The Player's Connection of Florida, LLC (Prime)	CBE	100.00%
Sharp Marketing, LLC (Prime)	CBE	100.00%

Pursuant to Section 1-81.3(f) of the Broward County Business Opportunity Act (the Act) as amended, when a CBE reserve is established in connection with a County solicitation, CBEs and non-CBEs may respond to the solicitation. If a CBE with capacity to perform the work submits a responsive and responsible bid or proposal, the work will be awarded to the CBE that submits the lowest responsive and responsible bid or the highest-ranked responsive and responsible proposal. If no CBE firm with capacity to perform the work submits a responsive and responsible bid, a non-CBE with the lowest responsive responsible bid or the highest-ranked responsive and responsible proposal, as applicable may be awarded the contract with at least a twenty-five percent (25%) CBE goal (unless the CBE goal is waived or otherwise modified by Board action), or the county may reject all bids and responses submitted.

The following **non-CBE certified** firms **did not** submit LOIs that meet at least 25% CBE participation and did not meet the CBE Reserve requirements:

Compliance Comments for CBE Reserve Requirement:

EarlyRiders LLC DBA Makaya Creation, a CBE-certified firm, submitted LOIs with its bid response that meets at least 85% CBE participation and is compliant with the CBE Reserve requirements of the solicitation.

Ferrer & Perez International Corporation DBA Ella's Uniform, Global Trading Inc., The Player's Connection of Florida LLC, and Sharp Marketing LLC did not submit an LOI with their respective bid responses. The four CBE-certified firms were given three (3) business days to provide LOIs that meet the CBE Reserve requirement, which for CBE Primes means at least 85% CBE

participation. They all responded within the three-day period and submitted LOIs reflecting that they would each self-perform 100% of the required services. **Ferrer & Perez International Corporation DBA Ella's Uniform, Global Trading Inc., The Player's Connection of Florida LLC, and Sharp Marketing LLC** are compliant with the CBE Reserve requirements of the solicitation.

Compliance Comments for Firms not meeting 25% Goal Requirement (for non-CBE Respondents):

FLA Gun Center of Broward, Mini Wing USA, and Seaside Companies LLC, the three (3) non-CBE firms submitted LOIs indicating they would self-perform 100% CBE participation. They were given three (3) business days to submit LOIs, executed with CBE firms reflecting at least 25% CBE participation or provide documentation of their good faith efforts to meet the 25% goal. None of the firms responded within the stipulated timeframe or with any additional documentation. **FLA Gun Center of Broward, Mini Wing USA, and Seaside Companies LLC** are, therefore, not compliant with the CBE Reserve requirements of the solicitation.

Adamant Pro Inc. DBA Needlestitch, a non-CBE firm, submitted an LOI to use JAFE Contracting Company, a CBE firm, to perform 27.67% of the overall scope. **Adamant Pro Inc. DBA Needlestitch** indicated that the CBE would be used to perform services under NAICS code 314999 for embroidery. However, JAFE Contracting Company's CBE certification reflects NAICS code 238210 for Electrical Contractors and Other Wiring Installation Contractors. No other NAICS code is listed in the directory for this firm under their CBE certification. Therefore, JAFE Contracting Company cannot be used to meet the CBE goal. **Adamant Pro Inc. DBA Needlestitch** was given three (3) business days to submit an executed LOI with CBE firms reflecting at least 25% CBE participation or provide documentation of its good faith efforts to meet the 25% goal. **Adamant Pro Inc. DBA Needlestitch** did not provide any additional information within the requested timeframe and is, therefore, not compliant with the CBE Reserve requirements of the solicitation.

Corporate Images Inc DBA SOFLO Promo submitted an LOI with its solicitation response and proposed to use Taylor Boat Sales DBA Fully Promoted to perform 50% of the work. Taylor Boat Sales DBA Fully Promoted is not CBE certified. **Corporate Images Inc DBA SOFLO Promo** was given three (3) business days to submit an executed LOI with CBE firms reflecting at least 25% CBE participation or provide documentation of its good faith efforts to meet the 25% goal. **Corporate Images Inc DBA SOFLO Promo** did not respond within the stipulated timeframe or provide the requested documentation and is, therefore, not in compliance with the CBE Reserve requirements of the solicitation.

Standard Textile Co. Inc., Sunshine Protection LLC and UniFirst Corporation did not submit LOIs with their respective solicitation responses. Each firm was given three (3) business days to submit an executed LOI with CBE firms reflecting at least 25% CBE participation or provide documentation of their good faith efforts to meet the 25% goal. The firms did not provide any additional information within the requested timeframe. **Standard Textile Co. Inc., Sunshine Protection LLC and UniFirst Corporation** are, therefore, not in compliance with the CBE Reserve requirements of the solicitation.

Pursuant to Section 1-81.3(f) of the Broward County Business Opportunity Act (the "Act") on solicitations Involving reserves, "When a CBE reserve is established in connection with a County solicitation, CBEs and nonCBEs may respond to the solicitation. If a CBE with capacity to perform the work submits a responsive and responsible Bid or Proposal, the work will be awarded to the

CBE that submits the lowest responsive and responsible Bid, or the highest-ranked responsive and responsible Proposal, subject to the conditions stated below (and consistent with all applicable terms and conditions of the County's Procurement Code and subject to entering into an agreement acceptable to the County).

The CBE with the lowest responsive and responsible Bid, or with the highest-ranked responsive and responsible proposal, as compared to all other CBEs (the "CBE Presumptive awardee"), shall be awarded the contract if the CBE Presumptive Awardee meets the following requirements, as applicable.

(1) Monetary Differential: The total Bid or Proposal amount of the CBE Presumptive Awardee: (a)(i) does not exceed Three Million Dollars (\$3,000,000) and (ii) does not exceed the total amount of the lowest responsive and responsible Bid, or the total amount of the highest-ranked responsive and responsible Proposal, as applicable, from a nonCBE by more than ten percent (10%); or (b)(i) exceeds Three Million Dollars (\$3,000,000) and (ii) does not exceed the total amount of the lowest responsive and responsible Bid, or the total amount of the highest-ranked responsive and responsible Proposal, as applicable, from a nonCBE by more than five percent (5%); and

(2) Points Differential: For competitive solicitations in which the Proposals are assigned point totals, after deducting the points awarded for price from the total points awarded to each applicable Proposal, the total points assigned to the CBE Presumptive Awardee: (a) for Proposals that do not exceed Three Million Dollars (\$3,000,000), are not more than ten percent (10%) less than the total points assigned to the highest-ranked responsive and responsible nonCBE; or (b) for Proposals that exceed Three Million Dollars (\$3,000,000), are not more than five percent (5%) less than the total points assigned to the highest-ranked responsive and responsible nonCBE.

If the CBE Presumptive Awardee does not meet the above requirements, as applicable, then the CBE with the next lowest responsive and responsible Bid, or the next highest-ranked responsive and responsible Proposal, as compared to all other CBEs, will be deemed the CBE Presumptive Awardee, and awarded the contract if the CBE Presumptive Awardee meets the above requirements, as applicable.

If no CBE Presumptive Awardee meets the above requirements, as applicable, the award shall be made to the non-CBE that submits the lowest responsive and responsible Bid, or the highest-ranked responsive and responsible Proposal, provided the Director of Purchasing determines the total amount of the Bid or Proposal is fair and reasonable, unless (a) the Director of OESBD issues a written determination that resolicitation with modified specifications is likely to result in one or more Bids or Proposals from CBEs that would be eligible to receive the contract award; and (b) the Director of Purchasing issues a written determination that the delay occasioned by resolicitation would not materially harm the County's interests.

If a non-CBE is awarded the contract because no CBE with capacity to perform the work submits a responsive and responsible Bid or Proposal, or because no CBE meets the applicable requirements stated above, any contract awarded to a nonCBE must include at least a twenty-five percent (25%) CBE goal (unless the CBE goal is waived or otherwise modified by Board action).
